

Castle Role Play

The children in Ladybirds made their own role play for the topic 'Dungeons and Dragons.' The children decided they wanted a castle. So they got together and made a list of what they wanted it to look like. They then made a list of all the equipment they needed. The children have had great fun planning and making their role play.

We got messy painting the castle but that didn't matter as it looks really good. We used a sponge to make the castle look old.

Oh it's so much fun making our own role play.

Some parents made us outfits for us to dress up in. My favourite is the maids outfit.
