

Academic Year 2020-21

Safeguarding Policy

This policy should be read in conjunction with the following:

- Keeping Children Safe in Education 2020
- Working Together to Safeguard Children 2018
- Child Protection Policy
- Health and Safety Policy
- First Aid Procedures and Arrangements
- Physical Intervention and Positive Handling Policy
- School Emergency Plan
- Behaviour Policy
- Equal Opportunities
- Anti-Bullying Policy
- E-Safety Policy
- Social Networking Policy
- Staff ICT Use Policy
- Drugs Policy
- SEN and Inclusion Policy
- Supporting Pupils with Medical Conditions Policy
- Safer Recruitment Policy
- Staff Code of Conduct
- SCC policy for retention and transfer of child protection and child welfare records, September 2020

This policy sets out Moorlands Primary School Procedures for Safeguarding

The Hampshire, Isle of Wight, Portsmouth and Southampton (HIPS) safeguarding children partnership replaced the 4LSCB in October 2019, and the Southampton Safeguarding children partnership has replaced the Southampton LSCB. HIPS safeguarding partnerships website – procedures can be found in the link below:

[Welcome | Hampshire, Isle of Wight, Portsmouth and Southampton](#)

In addition to the above, other documents are present throughout the guidance or linked for relevant reading when developing policy for specific aspects of safeguarding. Additional information should be sought from KCSiE 2020, or above documentation where needed.

Additional sections for relevant safeguarding issues specific to our school or organisation or our own procedures will need to be added by the school and its governing body or equivalent taking into account the guidance and statutory responsibilities set out in the above named documents and any additional documentation that is or becomes available during the year the policy is in place.

Addendum to the policy will be made, approved by governors and shared with staff, and pupils where appropriate, during any exceptional periods of readjustment for education settings for example, during any local lockdown processes or other emergency unforeseen situation where processes may need to be different to remain in place or effective.

Moorlands Primary School Safeguarding Policy

Purpose

This policy relates to all staff, volunteers and governors of Moorlands Primary School and provides them with the framework they need in order to keep children safe and secure in our school and to inform parents and guardians how we will safeguard their children whilst they are in our care.

Terms used within the guidance

- **Should** and **Must** are used throughout KCSiE 2020 – must is used when a person is legally required to do something, should is used where advice set out should be followed unless there is a good reason not to (KCSiE 2020)
- **Safeguarding** is defined in KCSiE 2020 as “*protecting children from maltreatment; preventing impairment of children’s mental and physical health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes*”. Our safeguarding practice applies to every child. In Working Together 2018 it is clearly stated that the statutory document should be followed unless there are exceptional reasons to not do so. Both statutory documents apply to young people up to the age of 18.
- **Staff** applies to all those working for or on behalf of the school, full time or part time, in either a paid or voluntary capacity. This also includes parents and governors. Consideration must also be given to any other organisation that regularly uses the site when pupils are present but whom are employed by others.
- **Child** refers to all young people who have not yet reached their 18th birthday. On the whole, this will apply to pupils of our school; however the policy will extend to visiting children and students from other establishments.
- **Parent** refers to birth parents and other adults in a parenting role for example adoptive parents, guardians, step parents and foster carers.
- **Abuse**: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. They may be abused by an adult or adults or by another child or children.
- **Physical abuse**: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
- **Emotional abuse**: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child’s emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing

them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

- **Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education (see paragraph 50).
- **Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs. It may also be educational neglect that Southampton City Council recognises can be parental, pupil, professional or organisational. This description is set out in Annex 5
- **The Trigger Trio:** The term 'Trigger Trio' has been used to describe the issues of domestic violence, mental ill-health and substance misuse which have been identified as common features of families where harm to women and children has occurred. They are viewed as indicators of increased risk of harm to children and young people. In a review of Serious Cases Reviews undertaken by Ofsted in 2011, they found that in nearly 75% of these cases two or more of the issues were present.
- So called **Honor based violence or Honor based abuse** is now referred to as Harmful Practice or Harmful Cultural Practices including issues such as FGM, forced marriage and more.
- **Child protection** is used to describe where concerns or indicators require referral to Children's services or police for Section 17 or 47 assessments to be considered to protect a child from harm. Or where a Child protection plan or child in need plan is already in place.

Policy Statement

Safeguarding is taken to mean "protecting children from maltreatment; preventing impairment of children's mental and physical health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes". Our safeguarding practice applies to every child. In Working Together 2018 it is clearly stated that the statutory document should be followed unless there are exceptional reasons to not do so. Both statutory documents apply to young people up to the age of 18.

- All agencies working with children, young people and their families take all reasonable measures to ensure that the risk of harm to children's welfare are minimised and "where there are concerns about children and young people's welfare, all agencies take all appropriate actions to address those concerns, working to agreed local policies and procedures in full partnership with other agencies". This applies to all young people up to the age of 18. This could mean requiring a "safeguarding discussion" between DSL's from different schools, where they share families. It is everyone's responsibility to ensure the welfare of children and young people, including knowing how to refer to Early Help services.
- Our Aims are to:
 - a. To provide an environment in which all adults recognise that safeguarding and ensuring children and young people's welfare is everyone's responsibility. It is not solely the responsibility of Designated Safeguarding Leads (DSLs).
 - b. To ensure that all children and young people in school will feel safe, secure, valued and respected, and feel confident to approach adults if they are in difficulties and that adults will, at all times, consider what is in the best interests of the child.
 - c. To work within the restorative practice and trauma informed models of behaviour and communication processes
 - d. To provide an effective PSHE curriculum that encompasses age and developmentally appropriate content enabling pupils to build skills and confidence to help them to manage the challenges of growing up in today's society including knowing how to keep themselves and others safe and where to get help from if they, or others need it.
 - e. To ensure that the School complies with the statutory guidance September 2020 for relationships, sexual relations, health and well-being, by the summer term 2021 at the latest.
 - f. To raise the awareness of all leaders, teaching and non-teaching staff, volunteers and visitors of the need to safeguard children and of their responsibilities in identifying and reporting possible cases of abuse.
 - g. To develop structured procedures within the school that will be followed by all members of the school community in cases of suspected abuse/ concerns for well-being/ need to safeguard young people.
 - h. To ensure that all concerns, however small are recorded so as to establish the wider picture for a child and ensure that sufficient oversight by the DSLs enables a context to be known and therefore support the identification of for example, risks or exploitation.
 - i. To provide a systematic means of monitoring children known or thought to be at risk of harm, and ensure the school, contributes to assessments of need and support plans for those children through timely Early Help referral, contact and working with multi-agency partners and children's social care team and other safeguarding partners.
 - j. To provide attendance by a nominated member of staff or a report with up to date information at multi-agency meetings for all children at their school, and for the DSL to liaise with any future school DSL with any information that is required to plan for an effective transition for the child/ family.
 - k. To work proactively together with partners such as other education settings where there are siblings, or GP surgeries to ensure that where there are concerns they are shared through a "safeguarding discussion" and addressed swiftly, with a strong base of information ensuring that the best interests of a child/ the children are placed at the centre of referrals for example to Early Help/ MASH/ support providers.
 - l. To refer to early help services so children, and their wider families can be supported by professionals, intervening as early as possible before referral to children's social care services is required.

- m. Ensure that all adults within our school who have access to children have been checked and this is recorded as to their suitability. That appropriate supervision is given to visitors and adults on-site and on trips, key information or training for visiting staff and adults who may lead for example sports clubs / out of hours activities at or for the school. This includes appropriate raising of awareness for out of hours community users of our facilities and checks and training for governors in line with national guidance and school policy.
 - n. Have information available for all hirers to ensure the setting must not be used for the promotion of extremism or radicalisation, including the handing out of materials or speakers.
 - o. Ensure that appropriate safeguarding arrangements are in place for children on work placements or alternative provision offsite, or in flexi-school arrangements.
 - p. Transfer of child protection, welfare concerns and learning records that provide support for pupil development when pupils move on from their current setting should be carried out in accordance with the SCC policy of retention and transfer of records September 2020.
 - q. To provide a safe environment within which children can learn and flourish.
- The protection of children is of the highest priority for our school. Children have a right to feel secure and cannot learn effectively unless they do so. All children regardless of age, gender, ethnicity, ability, sexuality, religion, culture, language and beliefs have a right to be protected from harm. All staff have a key role in prevention of harm and an equal responsibility to act on any suspicion or disclosure that may indicate a child is at risk of harm in accordance with the guidance. We acknowledge that working in partnership with other agencies protects children and reduces risk and so we will proactively engage in partnership working throughout the child protection process to safeguard children. Whilst the school will work openly with parents as far as possible, the school reserves the right to contact Southampton's Multi-agency Safeguarding Hub (in line with current safeguarding procedures) and Southampton Safeguarding Children's Partnership in line with Family Early Intervention Model and Threshold Document or the Police, without notifying parents IF this is in the child's best interests KCSIE 2020. In all cases consent must be sought unless it is not in the child's best interests to do so. These decisions will be clearly recorded with their reason in the school safeguarding information management system CPOMS.
 - Safeguarding processes are intended to put in place measures that minimise harm to children. There may be situations where new national guidance, local incidents, gaps or deficiencies in the policies and processes we have in place will be highlighted. In these situations, urgent review will be carried out by the DSL and governors in order to identify learning and inform the policy, practice and culture of the school. This review may involve the Local Authority or other agencies and may require policies to be amended sooner than the annually scheduled review.
 - Where national guidance changes within the approved policy year, or learning from practice reviews becomes available addendum to policies and processes may be made through the governing body.
 - Some areas, such as Health and Safety, are a specialist area of safeguarding and a separate lead for this area is in place in the school. There is a named governor/committee with responsibility for health and safety. Health and Safety Primarily lies with the **Interim Co-Headteachers**, who are supported through the school business Manager, **Sarah Harrison**, and Site Manager, **Andy Venn**. Moorlands Primary School Health and Safety Governor is: **Julie Geen**
 - All pupils in our school are encouraged to talk to any member of staff to share concerns or talk about situations which are giving them worries. The staff will listen to the pupil, take their worries seriously and share the information with the safeguarding lead by use of the school reporting and recording procedures; including use of C4C forms (Cause for Concern)

- In addition, we provide pupils with information of who they can talk to outside of school both within the community and with local or national organisations who can provide support or help appropriate to their age and development.
- The PSHE programme at our school takes into account safeguarding issues using the national and local contexts relevant to our pupils and families so that they can understand personal, local and national issues linked to safeguarding themselves and others, including on-line. Pupil voice is used to inform and check on the relevance of what is taught, providing feedback to parents and governors regarding changes to cohort provision.
- The statutory Relationships, Sex and relationships and health education guidance is being planned to be introduced by the summer term 2021 at the latest. In our school stakeholder consultation has been carried out and our policy ratified by our Governing Body in November 2020.
- As a school, we will review this policy at least annually so as to be in-line with the child protection policy annual review as well as in line with DfE, Southampton Safeguarding children's partnership, SCC expectations and any other relevant guidance and update mid-review where key changes are made to national safeguarding policy or procedure. The person/s responsible for ensuring that any necessary updates are completed is **Mrs Leanne Jenks**, although there may be different people for different aspects of safeguarding.
- It is acknowledged by our school that no one person or organisation holds all information about a young person. The DSL's at our school will proactively work with external agencies where concerns exist around the safeguarding of any young person to enable reduction of risk or refer for support appropriately.

Date Approved by Governing Body: November 2020

Date policy is to be implemented: January 2021

Date for scheduled review: November 2021

The child's "voice"

- Where there is a safeguarding concern, governing bodies, proprietors and school or college leaders should ensure the child's wishes and feelings, their voice, is taken into account when determining what action to take and what services to provide. Systems should be in place for children to express their views and give feedback. Ultimately, all decisions should be taken in the best interests any the child (KCSiE 2020). This cannot include keeping their concerns confidential and all adults have a responsibility to ensure that concerns are recorded and acted upon appropriately and in a timely manner, this may include referrals to agencies and this will always be communicated to the child (may be communicated differently for different ages of children/ development).
- At Moorlands Primary School the system to ensure the child's voice taken into account include pupil discussions, ELSA support and 'time to talk' procedures within all classrooms.

Multi-Agency working

- Set out in KCSiE 2020 (para 75-81) is the following information that all staff in education settings should adhere to:
 - Schools and colleges have a pivotal role to play in multi-agency safeguarding arrangements. Governing bodies and proprietors should ensure that the school or college contributes to multi-agency working in line with statutory guidance Working Together to Safeguard Children.

- New safeguarding partners and child death review partner arrangements are now in place. Locally, the three safeguarding partners (the local authority; a clinical commissioning group for an area within the local authority; and the chief officer of police for an area (any part of which falls) within the local authority area) will make arrangements to work together with appropriate relevant agencies to safeguard and promote the welfare of local children, including identifying and responding to their needs.
- It is especially important that schools and colleges understand their role in the three safeguarding partner arrangements. Governing bodies, proprietors and their senior leadership teams, especially their designated safeguarding leads, should make themselves aware of and follow their local arrangements.
- The three safeguarding partners have a shared and equal duty to work together to safeguard and promote the welfare of children. To fulfil this role they must set out how they will work together and with any relevant agencies. Relevant agencies are those organisations and agencies whose involvement that the three safeguarding partners consider may be required to safeguard and promote the welfare of children with regard to local need. The three safeguarding partners will have set out in their published arrangements which organisations and agencies they will be working with and the expectations placed on any agencies and organisations by the arrangements.
- The three safeguarding partners should make arrangements to allow all schools (including those in multi-academy trusts) and colleges in the local area to be fully engaged, involved and included in safeguarding arrangements. IN Southampton the three safeguarding partners name schools and colleges as relevant agencies and have worked to review or set out the best way to achieve the active engagement with individual institutions in a meaningful way. This work is ongoing.
- When named as a relevant agency, schools and colleges, in the same way as other relevant agencies, are under a statutory duty to co-operate with the published arrangements.
- Governing bodies and proprietors should understand the local criteria for action and the local protocol for assessment and ensure they are reflected in their own policies and procedures. They should also be prepared to supply information as requested by the three safeguarding partners.
- Schools and colleges should work with social care, the police, health services and other services, including other schools to promote the welfare of children and protect them from harm. This includes providing a coordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans to provide additional support to children subject to child protection plans. All schools and colleges should allow access for children's social care from the host local authority and, where appropriate, from a placing local authority, for that authority to conduct, or to consider whether to conduct, a section 17 or a section 47 assessment.

Information Sharing

- Keeping Children Safe in Education 2020 (para 82-88) sets out the following with regard to information sharing:
 - Information sharing is vital in identifying and tackling all forms of abuse and neglect. As part of meeting a child's needs, it is important for governing bodies and proprietors to recognise the importance of information sharing between practitioners and local agencies. This should include ensuring arrangements are in place that set out clearly the processes and principles for sharing information within the school or college and with the three safeguarding partners, other organisations, agencies and practitioners as required. School and college staff should be proactive in sharing information as early as possible to help identify, assess and respond to risks or concerns about the safety and welfare of children, whether this is when problems are first emerging, or where a child is already known to the local authority children's social care.

- It is important that governing bodies and proprietors are aware that among other obligations, the Data Protection Act 2018 and the GDPR place duties on organisations and individuals to process personal information fairly and lawfully and to keep the information they hold safe and secure. Governing bodies and proprietors should ensure relevant staff have due regard to the relevant data protection principles, which allow them to share (and withhold) personal information, as provided for in the Data Protection Act 2018 and the GDPR.

This includes:

- being confident of the processing conditions which allow them to store and share information for safeguarding purposes, including information which is sensitive and personal, and should be treated as 'special category personal data'.
- understanding that 'safeguarding of children and individuals at risk' is a processing condition that allows practitioners to share special category personal data. This includes allowing practitioners to share information without consent where there is good reason to do so, and that the sharing of information will enhance the safeguarding of a child in a timely manner but it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk.
- for schools, not providing pupils' personal data where the serious harm test under the legislation is met. For example, in a situation where a child is in a refuge or another form of emergency accommodation, and the serious harms test is met, they must withhold providing the data in compliance with schools' obligations under the Data Protection Act 2018 and the GDPR. Where in doubt schools should seek independent legal advice.

The Data Protection Act 2018 and GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children.

- Where children leave the school or college, the designated safeguarding lead should ensure their child protection file is transferred to the new school or college as soon as possible, ensuring secure transit, and confirmation of receipt should be obtained. (*SCC practice: Retention and transfer should be completed in line with SCC Retention and transfer of records policy, published on Young Southampton and circulated to all Head teachers, DSLs and Chairs of Governors in the first half term of each academic year*). For schools, this should be transferred separately from the main pupil file. Receiving schools and colleges should ensure key staff such as designated safeguarding leads and SENCOs or the named person with oversight for SEN in a college, receive the file as required.
- In addition to the child protection file, the designated safeguarding lead should also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives or to ensure the welfare of the child.
- *In SCC we recognise the importance of educational records, for example for assessments regarding SEND and support for academic development and include these in the information that settings should pass on to the next setting so as to limit the opportunity for educational neglect (Appendix 4) by organisations. "safeguarding discussions" should be a feature of protecting children and young people – including between schools where families are shared to establish context and awareness of concerns. Any discussions should be recorded as to their purpose in the schools concerns log system.*

Safeguarding issues

Safeguarding issues are those that can place children at risk of harm (KCSiE 2020). Within a school these are wide-ranging and there is an extensive set of guidance and legislation that schools are required to follow to ensure children's safety.

Any child is vulnerable and the expectation is that all people working or volunteering in Southampton education settings recognise that any child could be subjected to any form of abuse or exploitation themselves directly, or as witness. These experiences are adverse and can impact upon children greatly – both short and long term and in to adulthood. The more Adverse childhood experiences (some of which would be of a safeguarding nature) a child has the greater the complexity of their impact. Staff in schools are in a unique position to be able to recognise and report where they have concerns to their DSL or in some cases to the police directly. However small or unsure a member of staff about their concern the ethos that is expected is that that no concern is too small to report and record. This enables a full picture of observations to be held in oversight by the DSL/s of the setting. These small pieces of information may help to protect a child or young person from further harm or adverse experience. Issues that SCC recognise are key to ensuring children's safety are included below. NOTE: This list is not exhaustive and is subject to changes in legislation/ guidance.

Health and Safety

<https://www.gov.uk/government/publications/health-and-safety-advice-for-schools> (Last update November 2018) to be read in conjunction with COVID guidance.

- The site, the equipment and the activities carried out as part of the curriculum are all required to comply with the Health and Safety at Work act 1974 and regulations made under the Act.
- All risks are required to be assessed and recorded plans of how to manage the risk are in place. The plans should always take a common sense and proportionate approach to allow activities to be safe rather than preventing them from taking place. The school has a Health and Safety policy which details the actions that we take in more detail which can be found on the school website.
- COVID has meant that procedures for the following health and safety processes have changed. Staff have all been made aware of the relevant changes and familiarised themselves with the school Risk Assessment for Covid-19. This is reviewed regularly by leaders and governors in light of our own risk assessment or government guidance.

Site Security

[DfE Site Security guidance](#) (November 2018)

- We aim to provide a secure site, but recognise that the site is only as secure as the people who use it. Therefore, all people on the site have to adhere to the rules which govern it. These are:
 - All gates are locked except at the start and end of the school day
 - Doors are kept closed to prevent intrusion
 - Visitors and volunteers enter at the reception and must sign in.
 - Visitors and volunteers are identified by showing school staff their identification.
 - Children are only allowed home during the school day with adults/carers with parental responsibility or permission being given.
 - All children leaving or returning during the school day have to sign out and in.
 - Empty classrooms have windows closed

- Arrangements for before and after school meetings and activities are clear and followed at all times

The aspects of the Safeguarding Policy with regard to site security also run alongside Moorlands Primary School Emergency Plan. This includes practising for Fire Safety and Emergency Lock Down Procedures.

- Arrangements for school re-opening for all pupils in September 2020 have meant that the following additional/ adjusted measures have been put into place to ensure the site is secure:
 - Staggered start and finish times
 - Altered lunch and break times
 - Specific entrances to be used depending on year groups

These arrangements will be reviewed regularly by leaders and governors for the safety of all, in line with local or national government guidance

Physical Intervention (use of reasonable force)

DfE Use of reasonable force, non-statutory guidance (July 2013)

- As a school it is policy for us to not use physical intervention. In the rare occasion, a child will be 'guided' to a 'quiet space'. As a school we have a separate policy outlining how we will use physical intervention.
- This policy states that staff must only ever use physical intervention as a last resort, e.g. when a child is endangering him / herself or others and that, at all times it must be the minimal force necessary to prevent injury to another person.
- Discussions with an Educational Psychologist should be had regarding physical interventions.
- All staff have been made aware of their responsibilities with regard to the use of physical intervention – at our school this is carried out only by Senior and Phase Leaders who are appropriately trained.

Taking, use and storage of images

- As a school we will seek consent from the parent of a pupil and from teachers and other adults before taking and publishing photographs or videos that contain images that are sufficiently detailed to identify the individual in school publication/displays, printed media or on electronic publications. We will not seek consent for photos where you would not be able to identify the individual. School needs to ensure it is compliant with Data Protection Act 2018 regarding processing of images.
- We will seek consent for the period the pupil remains registered with us and, unless we have specific written permission we will remove photographs after a child (or teacher) appearing in them leaves the school or if consent is withdrawn.
- Photographs will only be taken on school owned equipment and stored on the school network. No images of pupils will be taken or stored on privately owned equipment by staff members.
- We will take and print photographs to show what a child can do or has participated in. These may also be displayed within school, or in books. They may be shared with visitors, inspectors, moderators or other professionals as a part of sharing practice or achievement. We will seek to ensure parent/ carers understand this and agree to this use.

Transporting pupils

[Home-to-school travel and transport - GOV.UK](#)

<http://www.southampton.gov.uk/schools-learning/in-school/school-travel-support/>

- We will follow the home-school transport policy from SCC for all pupils who have regular transport to and from school arranged through the needs identified in their EHCP, or admission agreement should the need arise.
- The school will give consideration to the transport needs of our pupils in an emergency situation and out of hours. Safeguarding the needs of our pupils when travelling in school owned / private hire minibus or coaches / taxis with staff or parents as drivers in cars. **This will include arrangements for parents/carers/volunteers to inform the school regarding any advice they have been issued, including test and trace information or COVID-19 symptoms as soon as possible that affects their ability to carry out their transporting/ volunteering safely.**
- For school trips private providers may be used such as coach companies. Copies of any insurance will be sought by the school and retained with trip documentation.
- On occasion parents and volunteers may support with the task of transporting children to visits and off-site activities arranged by the school. (This is in addition to any informal arrangements made directly between parents for after school clubs etc.). In managing these arrangements, the school will put in place measures to ensure the safety and welfare of young people carried in parents' and volunteers' cars. This is based on guidance from the local authority and follows similar procedures for school staff using their cars on school business. **(See Appendix 1)**
- Where parents'/volunteers/staff cars are used on school activities the school will notify parents/volunteers/ staff of their responsibilities for the safety of pupils, ensure sight and record of suitable **business insurance cover (for staff) and insurance cover for parents** and evidence recorded to ensure their vehicle is roadworthy. A record will be kept in school of insurance, evidence of roadworthiness, **use of child seat needs** and **understanding of responsibilities.**
- **Where COVID-19 has impacted upon changed policy or procedures these are listed below:**
 - **Staff are not to travel in personal cars with colleagues outside of their 'bubble'**

Off site visits / provision including overnight stay

https://evolve.edufocus.co.uk/evco10/evchome_public.asp?domain=

- A particular strand of health and safety is looking at risks when undertaking off site visits. Some activities, especially those happening away from the school and residential visits, can involve higher levels of risk. If these are annual or infrequent activities, a specific review of an existing assessment may be needed to take in to account staffing and pupils in addition to the activity. If it is a new activity, a visit involving adventure activities, residential, overseas or an 'Open Country' visit, a specific assessment of significant risks must be carried out. The school has an educational visits coordinator (Mr Joe Cunningham) who liaises with the county outdoor education adviser and helps colleagues in school to manage risks and support with off site visits and provides training in the management of groups during off site visits, as well as First Aid in an outdoor context. SCC recommends that an EVC should be appointed to the role and receive training for the role. It is recommended that any EVC completes suitable training for the role or refresher training at least every five years. The EVC will also provide in house training within school for those who run regular off site visits as well as staff new to off site visits.

- At our school, all offsite activities for 2020/2021 school year will be risk assessed regarding the activities to be undertaken, transport arrangements as well as COVID risks. A risk assessment will be completed by the activity leader; this may be through a pre-trip visit if appropriate. It will be shared with the nominated EVCC/ senior leader. Risk assessment and trip information will be shared with all staff participating in time to read and understand their own responsibilities during the trip. All trips offsite will include at least one first aid trained member of staff (may be more depending on activity and numbers of participants) will be present on each offsite trip, there may have been a pre-trip.
- A register of pupils offsite will be shared with nominated administration staff and contact numbers, medical information and offsite activities forms will be taken on the trip and accessible by all staff participating. A copy of any individual medical plan will also be taken, with a responsible staff member named to monitor the child/ adult. The governing body will monitor this process throughout the year.
- Where a visit includes at least one overnight stay in UK the school will have risk assessed the accommodation.

Behaviour, safety and discipline, including preventing extremism

<https://www.gov.uk/government/publications/behaviour-and-discipline-in-schools>.

- The school has a behaviour policy in place that meets the relevant requirements set out in the above documentation.
- Procedures are in place for pupils to know how and where to seek support in school. The Designated Safeguarding Leads (DSL) have their photographs displayed in the school office and around school. Alternatively, pupils are able to speak to the adults in their class and these procedures are made clear to the children. The school's Emotional Literacy Support Assistants (ELSA) are also available to speak to children and referrals can be made by the class teacher or via the Inclusion Leader (Miss Sarah Roughton)
- Our policy has been reviewed given awareness that many children and young people may not have been practising strong behaviours for learning and may struggle on return to school to meet their previous ability to follow instruction, policy, processes that are expected in our school. This policy is in line with current DfE advice for governors. This policy forms part of all staff induction, and all staff will have been/ are due to receive CPD regarding trauma informed practices and the impact of Adverse Childhood Experiences on children and young people and how this can impact on presenting behaviours.
- Processes for managing behaviour – including positive behaviour promotion by staff are included in our policy, expectations and processes have been shared with staff.
- The PAN-Hampshire toolkit for managing prejudicial language and behaviours was launched in October 2019 and is available on-line at the link below. It includes information for parents, surveys for KS1,2, 3 and 4 pupils and a reporting/ recording tool. PLAB documents can be found within the inclusion services section here or in the appendix: [Inclusion services - Young Southampton](#).
- COVID period has meant that we recognise that there will be many children and adults who have experienced a range of trauma during this time. Upon return to school we acknowledge that children and adults may likely require support and may not respond positively to instructions and strategies as previously. They may have unidentified triggers. In order to reduce the likelihood of traumas experienced (may be COVID linked or not) we ensure that all staff will take the opportunity to work positively with all,

with a principle of moving forward, not presenting a blame or negative approach to engagement during covid closure. Training to support staff with positive engaging discussions, reframing questions and statements so as to reduce triggers, and negatively impacting upon behaviours has been provided. This will enable our staff to work in a trauma informed manner for the benefit of all, enabling children and young people to swiftly re- establish relationships with a trusted adult and positive learning behaviours as a result.

- The following arrangements are in place for those pupils on offsite work based learning and any alternative provision. These are:
 - Covid home learning procedures (see Covid home learning policy)
 - Calls home by class teacher if working at home
 - Liaison with appropriate agencies if in alternative provision with Inclusion Leader (eg PRU or hospital school)
- The school has the following arrangements in place to safeguard children who participate in, are affected by, extended services or activities taking place offsite or onsite within and outside of the normal school day. These include:
 - All agency staff are DBS checked by the organisation.
 - All volunteers are DBS checked by the organisation and inducted by appropriate member of Senior Leadership Team.
 - DBS details are emailed to the Business Manager who records the information on the SCR
 - A register of attendance is completed by the coach.
 - The Business Manager, who is first aid trained, is available in the office during the activity.
 - Children are handed over to their Carer at the end of the activity.
 - We have sought assurances in writing from users of the premises (including out of school club leaders) that they have appropriate policies and procedures in place related to the safeguarding of children.

- Expectations for staff behaviours both whilst on site, in times of responsibility and where behaviours outside of school may cause harm to children, reputational damage to the school or transferable risk to children and young people have been made clear to all staff on induction, or where there has been update. We have a staff code of conduct that is a part of all staff induction. This sets out expectations for staff in relation to managing the behaviour, safety and discipline of pupils, as well as their own behaviours, including those behaviours on-line to minimise the risk of reputational damage to the school or transferable risk to children and young people as a result of staffs own behaviours. Staff are clear about actions the school, trust or LA may need to take if an allegation is made about a member of staff, or behaviours reported that indicate professional responsibilities of staff have been less than that expected of a qualified teacher, where there may be risk of harm to a child, reputational damage or transferable risk.

Preventing Radicalisation and Extremism

[Prevent duty guidance April 2019](#)

<https://www.southampton.gov.uk/council-democracy/partnership-working/safe-city/prevent.aspx>

<https://www.safe4me.co.uk/portfolio/prevent-radicalisation-and-extremism/>

National and local review of processes will lead to this section being updated via an addendum within the policy year. This will be communicated via Head teacher and DSL contact information in safeguarding updates and a Prevent briefing.

- The school is aware of its statutory duty to prevent radicalisation and extremism under “The Prevent Duty”. The prevent duty requires that all staff are aware of the signs that a child may be vulnerable to radicalisation. The risks will need to be considered for any kinds of extremism. These can include: political; environmental; animal rights; or faith based extremism that may lead to a child becoming radicalised.
- The person to contact in our school regarding Prevent is: **Mrs Leanne Ross**
- All staff have undertaken Home Office Prevent awareness training at the start of this academic year. Training is completed so that all can identify the signs of children being radicalised and updates are provided to staff through annual safeguarding training or information shared. This is recorded as a part of the schools monitoring of the reading and understanding of policies and attendance at training. It is reported to the LA through the completion and submission of the annual safeguarding self-evaluation tool, or other agreed method (end of January each academic year).
- As part of the preventative process resilience to radicalisation will be built through the regular promotion of fundamental British values through the PSHE and wider curriculum available at our school as part of the school’s learning values. We are particularly conscious that where children and young people have been away from school during covid-19 there has been an extended period where children and young people may have been more vulnerable to exploitation and radicalisation. Teaching will take this into account and ensure that all pupils re-build trusted relationships with adults, and adults are aware of any changes and signs of radicalisation and report these using the school’s system for recording concerns.
- Any child who is considered vulnerable to radicalisation and there are evidence based concerns indicate they may be being groomed or radicalised will be referred by the DSL to the multi-agency safeguarding hub using the professional’s line, or direct referral using the template in Appendix 3 as of December 2019 (subject to change under review). Concerns will then be considered within the MASH Prevent process. If the police Prevent officer and colleagues, consider the information to be indicating a level of risk a “channel panel” will be convened and the school will be invited to attend and support this process (See Appendix 3). The referral form is to be sent to MASH via the agreed secure email system, anycomms.
- We also seek and retain signed and dated assurances that any hirer has appropriate awareness of safeguarding issues/ policies and procedures in line with their hire purpose. Additionally, that they are aware of their responsibilities that in hiring our facilities they will not be used for promotion of extremism in any form. They may be asked to demonstrate evidence of training undertaken and knowledge of how to contact the Multi-agency safeguarding hub or Police with any concerns, including regarding radicalisation and extremist views or material. There is a written record of confirmation of this hirer awareness retained with the hirer records.
- Hirers are given information how to report concerns to the school designated safeguarding lead, head teacher or Southampton Multi-agency safeguarding hub in line with SCC and Association of Chief Police Officers (replaced by National police chiefs council, NPCC, 1/4/2015) regarding speakers, that can be applied to groups

Safety in an emergency situation – planned drill or unforeseen occurrence

- In school, systems for monitoring visitors and volunteers can be found in our school visitor and onsite security procedures. These also will include lockdown/scatter procedures that can be implemented in an emergency in addition to fire evacuation procedures.
- Fire drills/ emergency procedures practices will be held regularly throughout the school year (termly as a minimum), at different times of the day, most of which will be unannounced so as to develop the effectiveness of the processes. These will be monitored by the governing body.

Help and support

- As a school we encourage staff to act upon patterns of behaviour, especially that which may be different from previous or patterns or unusual absence for all pupils, especially the most vulnerable by discussing their observations with staff e.g. Attendance Officer or DSL if an unexplained absence of a vulnerable pupil.

Curriculum

- Details of our school curriculum for all subjects can be found on our school website. This information includes details of regular, high quality PSHE learning planned to support pupils in age appropriate safeguarding issues as well as how we teach on-line / e-safety and the content of this.
- It also includes our intention to respond to significant local, national or international events or issues in addition to the planned curriculum, sometimes at short notice.
- We welcome discussion with parents regarding the content of the curriculum to support our safeguarding aims and also ensure that where appropriate pupils are able to input and determine the effectiveness of such provision.
- Care should always be taken in regard to the discussion of sensitive issues and advice should be sought where there are concerns.

Relationships, Sex and relationships and Health Education from September 2020

- We updated our RSE and PSHE Policies in November 2020 we will be updating our curriculum for Relationships education, Relationships and sex education and health education in line our phase of schooling, as well as the [statutory guidance](#) that will become mandatory from September 2020. During COVID closure the DfE have given some flexibility to schools regarding of the timing of the introduction of the guidance to ensure that they can be fully prepared, and have consulted parents. This must be in place by Summer 2021, in our school we plan to introduce this from the Spring term 2021.
- We have developed a working party consisting of staff and parents, who have supported us with the process of evaluating our policies and planning and resources along with local advice from statutory groups such as Southampton SACRE (which is available online.) We have also updated our Governing Body of the impending changes and plan to move forward in the Spring term with implementing the policy and provision.
- We recognise that parents may have queries regarding the new statutory guidance. We would ask that all parents read the information available for parents on .gov.uk, as well as (our own newsletters and open events, as appropriate. . If this does not answer the query we would ask that contact is made with:

1. with your child's teacher
2. With your child's phase leader
3. Senior Leadership

If you have a complaint rather than a query to raise regarding the Relationships Education, Sex and Relationships education and Health education please use the schools complaints policy which can be requested via the school office.

Exploitation

- This can take many forms. The following sub-heading set out key information and how our school will respond to such issues.
- For example, it can be sexual, emotional or criminal and can lead to increased vulnerability, for example, through grooming or radicalisation, modern slavery, or into other aspects of safeguarding. Exploitation occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive any child or young person under the age of 18. At Moorlands Primary School we recognise that any child or young person is vulnerable to this activity and ensure through our annual safeguarding training for all staff that awareness of raising concerns is vital.

Missing, Exploited and Trafficked Children (MET)

https://hipsprocedures.org.uk/assets/clients/7/4lscb_met_protocol.pdf

<https://www.safe4me.co.uk/portfolio/sharing-information>

- Within the local area, the acronym MET is used to identify all children who are missing; believed to be at risk of or being sexually exploited; or who are at risk of or are being trafficked. Given the close links between all of these issues, there has been a considered response to join all three issues so that cross over of risk is not missed.
- We recognise that any child or young person is vulnerable to exploitation and ensure through our annual safeguarding training for all staff that they are aware of the importance of identifying risks, raising safeguarding concerns, and sharing intelligence with Police using the CPI form (safe4me website) and also using the schools reporting and recording systems.
- Locally the Southampton Safeguarding Children Partnership (from September 2019) will retain a sub-group to oversee these safeguarding issues. At (add school) we will ensure our DSLs keep up to date with these issues through attendance at local DSL networks and awareness of published guidance or recommendations from partners, practice reviews or government documents.

Child Sexual Exploitation (CSE)

Child sexual exploitation: definition and guide for practitioners - GOV.UK

http://staffinfo.southampton.gov.uk/Images/CSE-Concern-Process-Flowchart_tcm67-397285.pdf

http://staffinfo.southampton.gov.uk/Images/CSE-Practitioner-Guidance_tcm67-397286.pdf

<https://ceop.police.uk/>

http://www.barnardos.org.uk/what_we_do/our_projects/sexual_exploitation.htm

<https://www.nspcc.org.uk/preventing-abuse/child-abuse-and-neglect/child-sexual-exploitation/>

- National definition of Child Sexual Exploitation is "Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the

victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology”.

- Like all forms of child sexual abuse, child sexual exploitation:
 - can affect any child or young person (male or female) under the age of 18 years, including 16 and 17 year olds who can legally consent to have sex;
 - can still be abuse even if the sexual activity appears consensual;
 - can include both contact (penetrative and non-penetrative acts) and non-contact sexual activity;
 - can take place in person or via technology, or a combination of both;
 - can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence;
 - may occur without the child or young person’s immediate knowledge (through others copying videos or images they have created and posting on social media, for example);
 - can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse; and
 - is typified by some form of power imbalance in favour of those perpetrating the abuse. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources.
- Child sexual exploitation is a complex form of abuse and it can be difficult for those working with children to identify and assess. The indicators for child sexual exploitation can sometimes be mistaken for ‘normal adolescent behaviours’. It requires knowledge, skills, professional curiosity and an assessment which analyses the risk factors and personal circumstances of individual children to ensure that the signs and symptoms are interpreted correctly and appropriate support is given. Even where a young person is old enough to legally consent to sexual activity, the law states that consent is only valid where they make a choice and have the freedom and capacity to make that choice. If a child feels they have no other meaningful choice, are under the influence of harmful substances or fearful of what might happen if they don’t comply (all of which are common features in cases of child sexual exploitation) consent cannot legally be given whatever the age of the child.
- Indicators a child may be at risk of CSE include:
 - Leaving home/care without explanation and persistently going missing or returning late;
 - Exclusion or unexplained absences from school, college or work;
 - Associating with other young people being sexually exploited
 - Relationships with controlling or significantly older individuals or groups;
 - Acquisition of money, clothes, mobile phones etc without plausible explanation;
 - Drug and/or alcohol use – may return home or present at school under influence
 - Increasing secretiveness around behaviours;
 - Self-harm or significant changes in emotional well-being
 - Excessive receipt of texts/phone calls;
 - Multiple callers (unknown adults or peers);
 - Concerning use of internet or other social media;
 - Inappropriate sexualised behaviour for age/sexually transmitted infections;
 - Evidence of/suspicious of physical or sexual assault;
 - Frequenting areas known for sexual exploitation or adult sex work.
- CSE can happen to a child of any age, gender, ability or social status. Often the victim of CSE is not aware that they are being exploited and do not see themselves as a victim.
- As a school we educate all staff in the signs and indicators of sexual exploitation. We will use the exploitation risk assessment form and associated guidance to identify pupils who are at risk and follow

safeguarding procedures where there is a concern about a child being at risk of or experiencing CSE/CCE. We use advice from the multi-agency safeguarding hub and the DSL will share this information as appropriate with children's social care.

- We recognise that we may have information or intelligence that could be used to both protect children and prevent risk. Any relevant information that we have will be shared on the community partnership information (CPI) form and through contact with the multi-agency safeguarding hub and where required the police directly by 101 or 999 depending on circumstance and the information.

Child criminal exploitation: including county lines

- **Child Criminal Exploitation** occurs where an individual or group takes advantage of a person under the age of 18 and may coerce, manipulate or deceive a child or young person under that age into any criminal activity:
 - (a) In exchange for something the victim needs or wants, and/or
 - (b) For the financial advantage or increased status of the perpetrator or facilitator and/or
 - (c) Through violence or the threat of violence.The victim may be exploited even if the activity appears consensual (i.e. moving drugs or the proceeds of drugs from one place to another). Child Criminal Exploitation does not always involve physical contact; it can also occur through the use of technology. (Home Office 2018)
- CCE can take various forms and may involve the child being coerced into
 - Carrying or selling drugs
 - Hiding stolen goods or weapons
 - Stealing
 - Involvement in burglaries
 - Money laundering
 - **Other criminal or sexual activity**
- **County Lines** is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs into one or more importing areas (within the UK), using dedicated mobile phone lines or other form of "deal line". They are likely to exploit children and vulnerable adults to move (and store) the drugs and money and they will often use coercion, intimidation, violence (including sexual violence) and weapons. (Home Office 2018)
 - County lines is a form of Child Exploitation (CE). It is a major, cross-cutting issue involving drugs, violence, gangs, safeguarding, criminal and sexual exploitation, modern slavery, and missing persons. The response to tackle it involves the Police, the NCA (National Crime Agency) and a wide range of Government departments, local government agencies and VCS (voluntary and community sector) organisations. County lines activity and the associated violence, drug dealing and exploitation has a devastating impact on children, vulnerable adults and local communities.
 - Children exploited through County Lines activity are particularly vulnerable to being trafficked. Modern slavery, including child trafficking, is child abuse. When an agency comes into contact with a child who may have been exploited or trafficked, Local Authority Children's Services and the police should be notified immediately and who will consider if a National Referral Mechanism (NRM) needs completing alongside child protection procedures.
- **Cuckooing** - Urban gangs establish a base in the market location, often by taking over the homes of local vulnerable adults by force and/or coercion, in a practice referred to as 'cuckooing'. Urban gangs then use children and vulnerable people to move drugs and money.

Like other forms of abuse and exploitation, criminal exploitation can:

- affect any child or young person (male or female) under the age of 18 years;
 - affect any vulnerable adult over the age of 18 years;
 - still be exploitation even if the activity appears consensual;
 - involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence;
 - be perpetrated by individuals or groups, males or females, and young people or adults; and
 - is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.
- Any person in our school who has concerns that a child is being criminally exploited should report their concern to the DSL without delay. The DSL will contact the multi-agency safeguarding hub for advice / to make a referral. It may be that the DSL decides to refer to the police.
 - As a school we educate all staff in the signs and indicators of all forms of exploitation, including criminal exploitation. We use advice from the multi-agency safeguarding hub, the sexual/criminal exploitation risk assessment form and associated guidance to identify pupils who are at risk and the DSL will share this information as appropriate with children's social care.
 - We will use the CPI (community partnership information) form to share relevant intelligence information with Police that will assist in building a bigger picture of potential exploitation issues in the community. Once a CPI form is submitted (use form on Safe4me website) it can be destroyed. Information may be relevant to record in a child's record of concern in school as per other concerns or additionally make a separate referral to MASH.

Child employment or performance

- The Local Authority lead officer for Child employment should be alerted to any child who is known to be working (Danielle Rutherford, child.employment@southampton.gov.uk) This will allow checking employment of the child is lawful and that the child is appropriately safeguarded. If we were concerned about a young person from our school, or another where information was reported to us this would be acted on by a DSL.
- The same officer (Danielle Rutherford child.employment@southampton.gov.uk) will also ensure the correct performance licencing is in place for children who perform, act, model or take part in paid sporting activities. It is the responsibility of the person running the event to apply for licence however as a school a member of the DSL Safeguarding team will liaise with the organiser and LA officer regarding child performance.

Trafficked Children

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/177033/DFE-00084-2011.pdf

[Safeguarding unaccompanied asylum seeking and refugee children - GOV.UK](https://www.barnardos.org.uk/what_we_do/our_work/trafficked_children.htm)

https://www.barnardos.org.uk/what_we_do/our_work/trafficked_children.htm

<https://www.safe4me.co.uk/wp-content/uploads/2018/10/4LSCB-MET-Information-Guide-2017-FINAL-June-18.pdf>

- Human trafficking is defined by the UNHCR in respect of children as a process that is a combination of:

- Movement (including within the UK);
 - For the purpose of exploitation
 - Any child transported for exploitative reasons is considered to be a trafficking victim.
- For any child where exploitation is suspected or known, and there are indicators of movement which is facilitated, arranged or controlled by individuals who may be exploiting or intending to exploit them, trafficking should be considered.
 - External (or international) trafficking describes trafficking which occurs from one country to another. Internationally trafficked children may first come to the attention of the local authority as Unaccompanied Children.
 - Internal trafficking is the term used to describe trafficking which occurs within the borders of a country. This can be within a neighbourhood, city, county, country etc.
 - There are a number of indicators which suggest that a child may have been trafficked into the UK, and may still be controlled by the traffickers or receiving adults. These are as follows:
 - Shows signs of physical or sexual abuse, and/or has contracted a sexually transmitted infection or has an unwanted pregnancy;
 - Has a history with missing links and unexplained moves;
 - Is required to earn a minimum amount of money every day; deprived of earnings by another person; or claims to owe money to another person (debt bondage)
 - Works in various locations;
 - Has limited freedom of movement;
 - Appears to be missing for periods;
 - Is known to beg for money;
 - Is being cared for by adult/s who are not their parents and the quality of the relationship between the child and their adult carers is not good;
 - Performs excessive housework chores and/or rarely leaves the residence.
 - Is one among a number of unrelated children found at one address;
 - Has not been registered with or attended a GP practice;
 - Is excessively worried about being deported
 - Children or young people may be trafficked from town to town or city within the UK, having been groomed and coerced into sexual or criminal exploitation. There are a number of indicators associated with child exploitation that are displayed by young people in this situation. For those children who are internally trafficked Other signs may include:
 - Talking about or rumours about new places the child has or they are planning to visit (without plausible explanation)
 - Talking about travel routes or modes of transport, or evidence of travel tickets / receipts
 - Travelling / found out of area without plausible explanation
 - Links with controlling or significantly older individuals or groups from other areas (without plausible explanation)
 - Physical symptoms (bruising indicating either physical or sexual assault);
 - Prevalence of a sexually transmitted infection or unwanted pregnancy;
 - Reports from reliable sources suggesting the likelihood of involvement in sexual exploitation / the child has been seen in places known to be used for sexual exploitation;
 - Evidence of drug, alcohol or substance misuse;
 - Being in the community in clothing unusual for a child i.e. inappropriate for age, or borrowing clothing from older people;
 - Relationship with a significantly older partner;

- Accounts of social activities, expensive clothes, mobile phones or other possessions with no plausible explanation of the source of necessary funding;
 - Persistently missing, staying out overnight or returning late with no plausible explanation;
 - Returning after having been missing, looking well cared for despite having not been at home;
 - Having keys to premises other than those known about;
 - Low self- image, low self-esteem, self-harming behaviour including cutting, overdosing, eating disorder, promiscuity;
 - Truancy / disengagement with education;
 - Entering or leaving vehicles driven by unknown adults;
 - Going missing and being found in areas where the child or young person has no known links;
 - Possible inappropriate use of the internet and forming on-line relationships, particularly with adults.
- Where there are reasonable grounds to suspect a child to be the victim of trafficking, child protection procedures must be initiated by reporting to the DSL, who will contact the multi-agency safeguarding hub following procedure.
 - The above behaviours themselves do not indicate that a child is being trafficked, but should be considered as indicators that this may be the case. If staff believe that a child is being trafficked, this will be reported to the designated safeguarding lead for referral to be considered to children's social care.

Mate Crime and Peer on peer abuse

Example of Mate crime <http://arcuk.org.uk/safetynet/examples-of-mate-crime/>
<http://arcuk.org.uk/safetynet/files/2012/08/Friend-or-Fake-Booklet.pdf>

- Mate crime is a rapidly increasing problem across the country and is defined as:
“the exploitation, abuse or theft from any vulnerable person by those they consider to be their friends. Those that commit such abuse or theft are often referred to as 'fake friends'.” Mate crime is most prevalent when the victim suffers with a disability and is especially common when that disability is Autism or Asperger's. Please see the links above for some useful guidance on how to spot, and how to deal with mate crime

Gangs and Youth Violence

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/418131/Preventing_youth_violence_and_gang_involvement_v3_March2015.pdf

- The vast majority of young people will not be affected by serious violence or gangs. However, where these problems do occur, even at low levels there will almost certainly be a significant impact.
- As a school we have a duty and a responsibility to protect our pupils. It is also well established that success in learning is one of the most powerful indicators in the prevention of youth crime. Dealing with violence also helps attainment. While pupils generally see educational establishments as safe places, even low levels of youth violence can have a disproportionate impact on any education.
- Primary schools are also increasingly recognised as places where early warning signs that younger children may be at risk of getting involved in gangs can be spotted. Crucial preventive work can be done within school to prevent negative behaviour from escalating and becoming entrenched.

- As a school we will:
 - develop skills and knowledge to resolve conflict as part of the curriculum including the use of restorative questions and processes;
 - challenge aggressive behaviour in ways that prevent the recurrence of such behaviour;
 - understand risks for specific groups, including those that are gender-based, and target interventions;
 - safeguard, and specifically organise child protection, when needed;
 - make referrals to appropriate external agencies;
 - carefully manage individual transitions between educational establishments, especially into Pupil Referral Units (PRUs) or alternative provision; and
 - work with local partners to prevent anti-social behaviour or crime, including the Violence Reduction Unit - VRU
 - ensure that adults in our school behave and respond appropriately and proportionately to set an example and challenge where needed
 - attend DSL network meetings/ read LA safeguarding updates or shared information that will inform our provision and approach so that we can work in a preventive educational and proportionate manner with our children and young people, and the wider community.

- We will use the CPI (community partnership information) form to share relevant intelligence information with Police that will assist in building a bigger picture of gang/ violence issues in the community. Once a CPI form is submitted (use form on Safe4me website) it can be destroyed. Information may be relevant to record in a child's record of concern in school as per other concerns to ensure the oversight includes all relevant information.

Attendance

9. As a school we encourage staff to act upon patterns of absence for pupils, especially the most vulnerable by discussing their observations with the school's leadership team including: The Headteacher, Assistant Head teachers and Inclusion Leader. There are robust attendance procedures and an attendance strategy in place to identify ways to support good attendance.

Children Missing Education

<https://www.southampton.gov.uk/schools-learning/support-education/children-missing-education.aspx>

<https://www.gov.uk/government/publications/school-attendance>

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/395138/Children_missing_education_Statutory_guidance_for_local_authorities.pdf

- We recognise our statutory duty as a school to follow the guidance relating to any child we are aware of who for example does not begin school as expected, or moves with no forwarding school known. There are various reasons a child may be deemed as CME which include, but are not limited to:
 - Child not starting at school when they reach compulsory school age and therefore never entering the system
 - Failing to transition between schools. For example, at phase transfer or if a family moves from one local authority to another
 - A delay in applying for a new school place upon arriving in the city
 - Refusing an alternative offer of a school place, when the preferred school is full
 - Leaving a school, with no forwarding education provision or destination

- We recognise that it is important that agencies work cooperatively and information is shared in a timely manner. If anyone at our school becomes aware of a child missing education, a referral will be made to the CME Officer as soon as possible.
- If we are aware of a child who is moving and parents/carers have not provided any forwarding address or school we will contact the CME officer for advice at the earliest opportunity having attempted to find out this information.
- When a child does not start or attend when expected the process in our school is to:
 - Call home and all available contacts in the first instance
 - Carry out home visits in cases of non-contact
 - Make contact with appropriate services, including children's services as required
 - Contact CME officers in cases where it is suspected that the child might be 'missing' in education

The Local Authority officers for contacting to provide information and advice are:

Tina Selby: tina.selby@southampton.gov.uk

Eliza Theobald-Morgan: eliza.theobald-morgan@southampton.gov.uk

- Our school recognises that patterns of children missing education can be an indicator of either abuse or safeguarding risks. A relatively short length of time a child is missing does not reduce risk of harm to that child, and all absence or non-attendance should be considered **in context** with other known factors or concerns and **relevant partners or agencies contacted as per safeguarding duties.**

Children missing from home or care

<https://www.gov.uk/government/publications/children-who-run-away-or-go-missing-from-home-or-care>

- Children who run away from home or from care, provide a clear behavioural indication that they are either unhappy or do not feel safe in the place that they are living. Research shows that children run away from conflict or problems at home or school, neglect or abuse, or because children are being groomed by predatory individuals who seek to exploit them. Many run away on numerous occasions.

The association of chief police officers (replaced by the National police chiefs council, NPCC) has provided the following definitions and guidance:

- *"Missing person is: 'Anyone whose whereabouts cannot be established and where the circumstances are out of character or the context suggests the person may be the subject of crime or at risk of harm to themselves or another.'*
- *An absent person is: 'A person not at a place where they are expected or required to be.'*
- *All cases classified as 'missing' by the police will receive an active police response – such as deployment of police officers to locate a child. Cases where the child was classified as 'absent' will be recorded by the police and risk assessed regularly but no active response will be deployed.*
- *The absent case will be resolved when a young person returns or new information comes to light suggesting that he/she is at risk. In the latter instance, the case is upgraded to 'missing'.*
- Within any case of children who are missing both push and pull factors will need to be considered. Push factors include:
 - Conflict with parents/carers
 - Feeling powerless
 - Being bullied/abused

- Being unhappy/not being listened to
- The Toxic / Trigger Trio
- Pull factors include:
 - Wanting to be with family/friends
 - Drugs, money and any exchangeable item
 - Peer pressure
 - Grooming
 - For those who have been trafficked into the United Kingdom as unaccompanied asylum seeking children there will be pressure to make contact with their trafficker
- The school will inform all parents of children who are absent (unless the parent has informed us) as soon as possible. At our school our register closes at 9.00am and 1.15pm to register attendance. If when contacted the parent is also unaware of the location of their child, and the definition of missing is met, we will advise the parent/carer to report this matter to the police, if the parent has not already done so. We will also advise the parent of our duty to ensure that the matter is reported to the police. If there is any concern the parent has not, and will not, report the child missing, we will notify the Police by telephoning 101 or 999 in a case of emergency and record this in the safeguarding log/ school recording system.
- A discussion with the MET team or referral to MASH may be deemed appropriate action by the DSL based upon individual context and professional decision making for which a record will be kept.
- Upon return we will support the LA MET team in completing a return interview with a young person where required.

Absence from lessons or school

In addition to the statutory CME duties absence from school at any point may be considered, in individual contexts as a safeguarding risk.

Staff in our school will aim to work with parents and carers to establish regular attendance for all children and young people through an approach including support and guidance, external agency support, including health colleagues where required. Where these are refused or are not effective given time we will discuss each on a case by case basis with the linked EWO to consider any additional actions or the use of the referral for Penalty notice process to aim to secure regular attendance at school.

We recognise that Educational neglect is a factor that adversely affects a child into adulthood and staff will use the guidance for practitioners in liaison with partner agencies with the aim of securing regular attendance at school for all children.

- DSLs and staff should continue to consider:
 - **Missing lessons:**
 - Are there patterns in the lessons that are being missed? Is this more than avoidance of a subject or a teacher? Does the child remain on the school site or are they absent from the site?
 - Is the child being sexually exploited during this time?
 - Are they late because of a caring responsibility?
 - Have they been directly or indirectly affected by substance misuse?

- Are other pupils routinely missing the same lessons, and does this raise other risks or concerns?
- Is the lesson being missed one that would cause bruising or injuries to become visible?
- **Single missing days:**
 - Is there a pattern in the day missed? Is it before or after the weekend suggesting the child is away from the area? Are there specific lessons or members of staff on these days?
 - Is the parent informing the school of the absence on the day?
 - Are missing days reported back to parents to confirm their awareness?
 - Is the child being sexually exploited during this day?
 - Do the parents appear to be aware?
 - Are the pupil's peers making comments or suggestions as to where the pupil is at?
- **Continuous missing days:**
 - Has the school been able to make contact with the parent? Is medical evidence being provided? Are siblings attending school (either our or local schools)?
 - Did we have any concerns about radicalisation, FGM, forced marriage, honour based violence, sexual exploitation?
 - Have we had any concerns about physical or sexual abuse?

The school will view absence as both a safeguarding issue and an educational outcomes issue. The school may take steps that could result in legal action for attendance, or a referral to children's social care, or both.

Pupils Who Run Away From School

- In cases where pupils run away from school or go missing, the school will follow the agreed procedures for how to respond. Parents will be contacted and the police if appropriate. See the Procedures for a Pupil who has run away from school.

COVID absence and absence from school

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/915553/Symptomatic_children_action_list_SCHOOLS.pdf

NB- Covid 19 Attendance from September 2020 duties relating to regular attendance at school have resumed.

We recognise that some parents may be anxious post COVID-19 in returning their child to school. Some may use illness that may be Covid related as a reason for absence. Some may not understand or be aware of the current government guidance relating to symptoms, self-isolation or quarantine.

In our school we will:

- use the government guidance regarding absence and coding
- Provide parent/ carers with up to date government and PHE advice if needed
- provide information about the location of local testing centres and their opening hours
- provide information to safeguarding partners such as health, police or social care colleagues where concerns are held and support parent/carers to ensure that any absence is minimal
- The school will view absence as both a potential safeguarding issue as well as an educational outcomes issue. The school will work with parents to try and establish regular attendance at school. Additionally, we may also take steps that could result in legal action for attendance, or a referral to children's social care, or both but will do so on a case by case basis on the return to full schooling post-covid.

If a child displays COVID symptoms or tests positive the most recent government advice for our tier of education will be followed.

Multi-agency Public Protection Arrangements

- Where the school is made aware of a parent or person who will visit the school who has a conviction that is subject to MAPPA the school will proactively seek a confidential discussion with the individual or agencies to ensure that any necessary adjustments can be put into place with immediate effect so as to ensure safety of all.
- Our school will liaise with all agencies to ensure all recommendations are put into place, with those who need to know having awareness, and review arrangements whenever required by partners. These recommendations will be put into place for any pupil transferring school/ setting by the DSL contacting the new school prior to transfer to mitigate any risk that could arise if they were not to communicate this to the receiving setting.
- A record of the discussion will be held by the sending school, and as per other transfers a record of the transfer of information will be retained by the sending school.

Child on Child Sexual violence and sexual harassment

Our school follows the statutory guidance set out in Part 5 of KCSiE 2020 and as outlined in the hyperlinked document below:

[Sexual violence and sexual harassment between children in schools and colleges - GOV.UK](#)

- In our school all adults are expected to make it clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up. This will be through the examples staff set as role models to our pupils as well as through PSHE and application of the behaviour policy and code of conduct.
- Within our school all staff recognise our legal responsibility under the Equality Act 2010 and the Human Rights Act 1988 that it is unlawful for schools and colleges to act in a way that is incompatible with the European Convention on Human Rights. It is recognised by all staff that by the way we respond to any incidents or allegations can uphold these rights including:
 - Article 3: the right to freedom from inhuman and degrading treatment (an absolute right)
 - Article 8: the right to respect for private and family life (a qualified right) includes a duty to protect individuals' physical and psychological integrity
 - Article 14: requiring that all of the rights and freedoms set out in the Act must be protected and applied without discrimination;²⁷
 - Protocol 1, Article 2: protecting the right to an effective education.

Any allegations are investigated by a member of the Senior Leadership Team, who are all DSLs and the behaviour policy is followed accordingly.

All staff are aware of the need to respond equally to allegations that are between children that are of the same sex, to those that are made between different sexes.

- Curriculum input will be managed through our relationships education teaching at age and developmentally appropriate times taking into account the understanding ability of children and young people with special educational needs.

• Responding to a report of child on child sexual violence or harassment

All adults in our school are expected to:

- Be aware that this can happen to any person – it is not limited to females.
 - not tolerate or dismiss sexual violence or sexual harassment as “banter”, “part of growing up”, “just having a laugh” or “boys being boys”;
 - challenge behaviour (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia and flicking bras and lifting up skirts.
 - Recognise that “Upskirting” is now a criminal offence. It typically involves taking a picture under someone’s clothes without them knowing with the intention of viewing someone’s genitals or buttocks with a view to sexual gratification or to cause the victim humiliation, distress or alarm.
 - understand that all of the above can be driven by wider societal factors beyond the school and college, such as everyday sexist stereotypes and everyday sexist language. This is why a whole school/college approach (especially preventative education) as described in government advice ([hyperlink above](#)) is important.
 - recognise that pupils with SEN are three times more likely to be abused and ensure they have awareness of pupil behaviours that may be inappropriate towards pupils with SEN
 - recognise that allegations of sexual violence or sexual harassment are likely to be complex and will require difficult professional decisions to be made. The DSL must be notified without delay and decisions made on a case-by-case basis. As with other disclosures the person disclosing must be able to disclose the information in a supportive environment with clear record of factual information made as soon after the disclosure as possible. The same procedures should be followed as set out in the child protection – [reporting concerns or disclosures](#).
- Where information includes an online element staff including the DSL must be aware of the [searching, screening and confiscation advice for schools](#) and UKCCIS sexting advice for schools and college. A risk assessment must be made following the disclosure by the DSL on a case-by-case basis this may need to be amended once other agencies become involved.
 - The DSL will report to children’s social care through contact with MASH, and this will be in conjunction with having contacted the police first ([irrespective of the child’s age](#)). Parents/carers will be informed unless there is a compelling reason not to, such as immediate safety or risk to the child be they the victim or alleged perpetrator. The police will advise what information can or should be shared. [This advice must be followed](#).
 - As allegations can arise between peers attending the same school it is important that both pupils must be managed supportively, in that both should be given a single point of contact, and both these points of contacts should liaise so that fair and proportionate response is made. Pupils should be aware that an allegation does not equate to guilt without there being an appropriate referral and investigation undertaken by the relevant organisations.
 - If this situation arises our school will assess the risk and identify if there may need to be a temporary revision of education arrangements including class moves, arrangements for arriving and leaving school and at break times to ensure that both pupils are supported in continuing their education whilst any investigation is carried out. A single point of contact for each pupil will be set up immediately and actions will be determined on a case by case basis. A risk assessment will include travel to and from school and any other relevant contextual information available [and will be reviewed regularly by the DSL](#).

Sexual Harassment and Sexual Violence *(in addition to between children outlined earlier)*

- Sexual harassment refers to 'unwanted conduct of a sexual nature' this can often occur online and offline. **It can be between children but also between children and adults.** Reports of sexual violence and sexual harassment can be extremely complex to manage. It is essential that victims are protected, offered appropriate support and every effort is made to ensure their education is not disrupted.
- Where a report of rape, assault by penetration or sexual assault is made by an adult on a child, this should be referred to the police. **They will advise who to share the information with and confirm refer to MASH.**
- As a school, we will do all they reasonably can to protect the anonymity of any children involved in any report of sexual violence or sexual harassment. It is also important that other children, adult students and school and college staff are supported and protected as appropriate.
- Moorlands Primary School will carefully consider any report of sexual violence and/or sexual harassment. The designated safeguarding lead (or deputy) will advise the head teacher following careful consideration what appropriate action will be put in place to support the victim, perpetrator and any others involved.

Teenage Relationship Abuse

- Research has shown that teenagers didn't understand what constituted abusive behaviours such as controlling behaviours, which could escalate to physical abuse, e.g. checking someone's phone, telling them what to wear, who they can/can't see or speak to and that this abuse was prevalent within teen relationships. Further research showed that teenagers didn't understand what consent meant within their relationships. They often held the common misconception that rape could only be committed by a stranger down a dark alley and didn't understand that it could happen within their own relationships. This led to these abusive behaviours feeling 'normal' and therefore left unchallenged as they were not recognised as being abusive.
- In response to this the school will provide education to prevent teenagers from becoming victims and perpetrators of abusive relationships by encouraging them to rethink their views of violence, abuse, emotional and controlling behaviours, and understand what consent means within their relationships. Relationships education will be included in all year groups at our school and will be differentiated so as to be developmentally appropriate for pupils. This will be in line with the statutory guidance to become mandatory from September 2020. For Relationships education, Sex and relationships education and health education. Our school will provide/ signpost parents to the government advice for parents where it is needed.

Harmful Practices

- **Harmful Practice** encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or community or an individual, including FGM, forced marriage, **abuse linked to faith or cultural practices such** as breast flattening (also sometimes referred to as breast ironing). It often can include a wider network of family or community pressure and can include multiple perpetrators. For example, honour linked abuse might be committed against people who (**not exhaustive list**):
 - become involved with a boyfriend or girlfriend from a different culture or religion
 - want to get out of an arranged marriage
 - want to get out of a forced marriage
 - wear clothes or take part in activities that might not be considered traditional within a particular culture

- convert to a different faith from the family
 - hide or attempt to delay puberty in girls
 - are suspected of being possessed by spirits
 - are reported to have behaved outside of a families or communities' expectations
- Any concerns held must be reported to the DSL without delay. The DSL will contact the multi-agency safeguarding hub for advice and follow up with a written referral and may contact the police. If the abuse includes reported FGM, regulated professionals must be mindful of their statutory duty to report themselves, as well as follow usual safeguarding practices and inform DSL.
- It is recognised in our school that within lockdown harmful practices may have been carried out by people with little experience/ equipment, in turn raising the risk for this child considerably from a health and infection view.
- Women and girls are the most common victims of honour linked violence however it can also affect men and boys. Crimes of 'honour' do not always include violence. Crimes committed in the name of 'honour' might include:
 - domestic abuse
 - threats of violence
 - sexual or psychological abuse
 - forced marriage
 - being held against your will or taken somewhere you don't want to go
 - assault
 - also for example, removal/limit of access to phones/ communication
- If staff believe that a pupil is at risk from honour based abuse the DSL will follow the usual safeguarding referral process, however, if it is clear that a crime has been committed or the pupil is at immediate risk the police will be contacted in the first place, followed by MASH.
- **NOTE: Circumstances for NON-CONSENT FOR MASH REFERRAL.** It is important that if honour based abuse/ harmful practice is known or suspected that communities and family members are **NOT** spoken to prior to referral to the police or social care as this could increase risk to the child depending on individual circumstance. This decision should be recorded with the reasons not to gain consent.

Female Genital Mutilation (FGM)

<https://www.gov.uk/government/publications/multi-agency-statutory-guidance-on-female-genital-mutilation>
www.nationalfgmcentre.org.uk

[NHS information and guidance](#)

<http://nationalfgmcentre.org.uk/wp-content/uploads/2018/05/Referral-Guide-.pdf>

- FGM comprises any of four different procedures involving partial or total cutting, removal of the external female genitalia or other deliberate injury to the female genital organs for non-medical reasons (See NHS link). It has no health benefits and harms girls and women in many ways. It is one of a number of forms of abuse that are specifically linked to gender. It involves removing and damaging healthy and normal female genital tissue, and hence interferes with the natural function of girls' and women's bodies.
- Procedures can be extremely high risk for the woman or girl, they are pre-meditated and organised. The safeguarding of the woman/girl is the priority whilst ensuring professionals remain culturally sensitive and inclusive.

- The age at which girls undergo FGM varies enormously according to the community. **The procedure may be carried out when the girl is new-born, during childhood or adolescence, just before marriage or during the first pregnancy.** The majority of cases of FGM are thought to take place between the ages of 5 and 8, or before puberty and therefore girls within that age bracket are at a higher risk, but this is not always the case.
- Girls may report being excited that they are going to have a ceremony or celebration in their honor, a female relative visiting, possibly from overseas, that they are going to become a woman soon. These can be indicators of risk but are not always an indicator of FGM and should not be treated as such. They should raise awareness if appropriate and be reviewed case by case, in context. Staff should always refer to the DSL for advice and record clearly what they have heard and from whom without delay. Unless this information has come directly from the victim is not sufficient to warrant the mandatory reporting duty coming into force if it is known that FGM has occurred from this third party information alone. It is recommended that staff seek advice from the DSL, or police if unsure if the mandatory duty applies.
- FGM is illegal in the UK. UK nationals and habitual residents are protected under the law when in the UK and when abroad. On the 31 October 2015, it became **mandatory for teachers and other regulated professionals** to report known or disclosed cases of FGM directly to the police. In these situations, the DSL and/or head must be informed that the member of teaching staff has called the police to report information that they believe indicates that FGM has happened. Advice can be sought from the DSL if required. If the information is gained by a non-regulated professional they must report to the DSL without delay for advice on actions, if a child is at immediate risk call 999, and then MASH.
- **At no time will school staff examine pupils to confirm FGM concerns.**
- For cases where it is believed that a girl (under 18) may be vulnerable to FGM or there is a concern that she may be about to be affected by this issue the staff will inform the DSL who will report it in line with any other child protection concern. If the female is 18 or over teachers should follow local safeguarding procedures and contact the DSL, who in turn will contact MASH/police / adult social care. UK nationals and habitual residents are protected under the law when in the UK and when abroad.

Breast flattening (sometimes referred to as breast ironing)

- The process can occur in a single incident, but most likely over an extended period of time, sometimes years. A rock, spoon or implement is heated and is then pressed and massaged over the breast area to damage the breast tissue. This causes extreme pain. The girl then is wrapped or has a band over the breast area to ensure that the tissues repair in such a way that it flattens the tissue and breast area. It can result in a range of outcomes including severe burns, infections, cancer risks as well as psychological and emotional turmoil.
- Girls are encouraged by family to be brave and not cry. They are placed under a significant emotional toll and expectations placed upon them by the family members who are likely to be carrying out this act. Family members are likely to report trying to protect the girl from becoming a woman too early, to rescue them from being attractive to males for example.
- Girls may be seen to be experiencing pain or itching, have absences from school, wearing a band across chest, reluctant to change at school, there may be smell from the damage/ burns indicating infections or lack of washing due to injury.

- Reports of concerns should be made through the usual process in school and the DSL will determine how and when to report to MASH, depending on circumstance and consider contextual factors such as a female relative staying or arriving, possibly from **extended family, another area of UK, or** from overseas.

Forced Marriage

[Forced marriage DfE.gov.uk document](#)

- Forced marriage is illegal in the UK. A forced marriage is where one or both people do not (or in cases of people with learning disabilities or reduced capacity, cannot) consent to the marriage as they are pressurised, or abuse is used, to force them to do so. It is recognised in the UK as a form of domestic or child abuse and a serious abuse of human rights. In the case of children: *'a forced marriage is a marriage in which one or both spouses cannot consent to the marriage and duress is involved. Duress can include physical, psychological, financial, sexual and emotional pressure.'*
- The pressure put on people to marry against their will may be:
 - physical – for example, threats, physical violence or sexual violence
 - emotional and psychological – for example, making someone feel like they are bringing 'shame' on their family **or will if they do not comply**
 - financial abuse, for example taking someone's wages, may also be a factor.
- The school acknowledges that forced marriage is different to arranged marriage. In developing countries 11% of girls are married before the age of 15. One on three victims of forced marriage in the UK are under 18, two out of three are under 25.
- It is important that all members of staff recognise the presenting symptoms, how to respond if there are concerns and where to turn for advice. Advice and help can be obtained nationally through the Forced Marriage Unit and locally through the local police safeguarding team or children's social care, the link above gives awareness and advice on how to apply for a prevention order to help safeguard the child or adult. **LA MASH staff, and DSL representatives are trained in how to apply for orders, and can support if needed through contacting MASH.**
- Policies and practices in this school reflect the fact that while all members of staff, including teachers, have important responsibilities with regard to pupils who may be at risk of forced marriage, teachers and school leaders should not undertake roles in this regard that are most appropriately discharged by other children's services professionals such as police officers or social workers, but recognises that direct action may need to be taken if to not do so would increase the risk for the young person.

Characteristics that may indicate forced marriage

- While individual cases of forced marriage, and attempted forced marriage, are often very particular, they are likely to share a number of common and important characteristics, including:
 - an extended absence from school/college, including truancy;
 - a drop in performance or sudden signs of low motivation;
 - excessive parental restriction and control of movements;
 - a history of siblings leaving education to marry early;
 - poor performance, parental control of income and students being allowed only limited career choices;
 - evidence of self-harm, treatment for depression, attempted suicide, social isolation, eating disorders or substance abuse; and/or
 - evidence of family disputes/conflict, domestic violence/ abuse or running away from home

o siblings or family members becoming withdrawn / upset due to pressure to stay silent

- On their own, these characteristics may not indicate forced marriage. However, it is important to be satisfied that where these behaviours occur, they are not linked to forced marriage. It is also important to avoid making assumptions about an individual pupil's circumstances or act on the basis of stereotyping. For example, an extended holiday may be taken for entirely legitimate reasons and may not necessarily represent a pretext for forced marriage.
- In our school we will consider all extended leave of absence requests sensitively and in context for each individual. Staff managing these requests will ensure they have considered, recorded and if required, referred any safeguarding concerns regarding any request for leave. Staff will consider the "one chance rule" – in the case of forced marriage it is highly likely that there will be only one chance to speak to a victim.

Abuse linked to faith/belief or perceived to be linked to faith/belief or culture

<https://www.gov.uk/government/publications/national-action-plan-to-tackle-child-abuse-linked-to-faith-or-belief>

<https://hipsprocedures.org.uk/zkyysy/harmful-practices-linked-to-faith-or-culture/child-abuse-linked-to-spiritual-cultural-or-religious-beliefs>

[*\(young southampton prejudicial language and behaviours – PLAB- toolkit link – leaflet for parents \)*](#)

- Faith/belief based abuse can be targeted to individuals or groups and can be in person or online the same as any other abuse. It can be any person of any faith/belief group abusing any person of any faith/belief or group. It can also be experienced from within faith/belief groups.
- Faith/belief and no faith/belief is a protected characteristic within the Equality Act 2010 and therefore should be managed within this understanding. At our school pupils will be spoken with and asked for their account and understanding of what has been said or done. The toolkit for prejudicial language and behaviours includes a reporting form that should be used and there is also a leaflet which can be useful when discussing any incidents with parents.

Possession or witchcraft allegations

- Sometimes faith/belief issues are believed to be linked to accusations of "possession" or "witchcraft". Whilst this is not common, children involved can suffer damage to their physical and mental health, their capacity to learn, their ability to form relationships and to their self-esteem. Such abuse generally occurs when an adult/ carer views a child as being "different" for any reason, and this is the reason for bad things happening to them/family or community. The adult attributes this difference to the child being "possessed" by a spirit or involved in "witchcraft" and attempts to exorcise him or her. This is sometimes attributed to faith/belief, or other protected characteristics.
- A child could be viewed as "different" for a wide variety of reasons, these could include, disobedience; independence; bed-wetting; nightmares; illness; or disability. There is often a weak bond of attachment between the carer and the child or for example, different family structures present such as private fostering arrangement. There are various social reasons that make a child more vulnerable to an accusation of "possession" or "witchcraft". These include family stress and/or a change in the family structure. The attempt to "exorcise" may involve severe beating, burning, starvation, cutting or stabbing and isolation, and usually occurs in the household where the child lives, or sometimes a place of worship.

- If the school become aware of a child who is being abused in this context, the DSL will follow the normal referral route in to children’s social care through MASH. Referral without Consent will need to be considered in these situations with contextual information available regarding harm that may be brought to the child if consent is sought, advice should be gained from MASH.

Domestic Abuse

<https://www.gov.uk/guidance/domestic-violence-and-abuse#domestic-abuse-and-young-people>

- Domestic abuse is defined as any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse between those aged 16 or over who are or have been intimate partners or family members regardless of gender or sexuality. This can encompass, but is not limited to, the following types of abuse:
 - Psychological
 - Physical
 - Sexual
 - Financial
 - Emotional
- Controlling behaviour is a range of acts designed to make a person subordinate and/or dependent by isolating them from sources of support, exploiting their resources and capacities for personal gain, depriving them of the means needed for independence, resistance and escape and regulating their everyday behaviour.
- Coercive behaviour is an act or a pattern of acts of assault, threats, humiliation and intimidation or other abuse that is used to harm, punish, or frighten their victim.
- Research indicates that living within a home where domestic abuse takes place is harmful to children and can have a serious impact on their behaviour, wellbeing and understanding of what a normal relationship is. At Moorlands Primary school we recognise that witnessing domestic abuse, or becoming involved has an impact on a young person that needs support. All staff know, through training that they must be alert to signs and may be asked to support a young person at the request of a DSL at short notice if the school has been alerted to an incident by the police/ Operation Encompass.
- Children witnessing domestic abuse is recognised as ‘significant harm’ in law. These children may become aggressive; display anti-social behaviours; suffer from depression or anxiety; or fail to reach their educational potential. Indicators that a child is living within a relationship with domestic abuse include:
 - withdrawn
 - suddenly behaves differently
 - anxious
 - clingy
 - depressed
 - aggressive
 - problems sleeping
 - eating disorders
 - wets the bed
 - soils clothes
 - takes risks
 - misses school
 - changes in eating habits
 - obsessive behaviour

- nightmares
 - drugs
 - alcohol
 - self-harm
 - thoughts about suicide
- These behaviours themselves do not indicate that a child is living with domestic abuse, but should be considered as indicators that this may be the case. If staff believe that a child is living with domestic abuse, this will be reported to the designated safeguarding lead for referral to be considered to children's social care.
 - Training that is provided in our school to staff includes information about trauma informed processes and ACE's (Adverse Childhood Experiences) so as to support the recognition and understanding of the impact domestic abuse can have on children.
 - We will ensure that our PSHE curriculum has planned learning for pupils to enable them to recognise and build healthy relationships, and understand where they can get help from if they, or someone they know needs help or advice. This will be in line with the statutory guidance for relationships education, sex and relationships education and health education which becomes mandatory from September 2020, and must be being delivered by summer 2021.
 - At our school it is also noted that, whilst outside of the definition, children can present the behaviours noted as examples of domestic abuse on adults- parents or carers. In all cases advice should be sought from safeguarding partners as a crime may have been committed and additional support for the child or family is likely to be needed.

Bullying

[Research on preventing bullying DfE 2018](https://www.gov.uk/government/publications/preventing-and-tackling-bullying)

<https://www.gov.uk/government/publications/preventing-and-tackling-bullying>

- The school works to a separate anti-bullying policy that can be on the school website.
- This is linked with our behaviour policy which can be found at and our PSHE programme which includes the statutory Relationships, Sex and relationships and health education from September 2020, to be delivered by Summer 2021.

Prejudice based abuse / Hate crime

<https://www.youngsouthampton.org/images/prejudicial-language-behaviour-leaflet-for-parents-carers.pdf>

- Our school will use the Pan-Hampshire prejudicial language and behaviour toolkit (PLAB, launch October 15th 2019) for all issues it applies to and to support us in tackling this issue. Thus, educating our adults and young people to understand its impact and how to tackle it if they see it or hear it effectively. We will report our findings annually (end of summer term) to the LA vulnerable pupil team to support any multi agency response to any issues that arise.
- Prejudice based abuse or hate crime is any criminal offence which is perceived by the victim or any other person to be motivated by a hostility or prejudice based on a person's real or perceived:
 - Disability
 - Race – ethnicity, nationality or national origin, skin
 - Religion – faith, religion or belief, including non-faith

- Gender identity
- Sexual orientation
- Age

Any protected characteristics can be a target and additional characteristics such as related to socio-economic/ parental characteristics may also be present with protected characteristics or alone.

- Although this sort of crime is collectively known as 'Hate Crime' the offender doesn't have to go as far as being motivated by 'hate', they only have to exhibit 'hostility'. This can be evidenced by:
 - threatened or actual physical assault
 - derogatory name calling, insults, for example racist jokes or homophobic language
 - hate graffiti (e.g. on school furniture, walls or books)
 - provocative behaviour e.g. wearing of badges or symbols belonging to known right wing, or extremist organisations
 - distributing literature that may be offensive in relation to a protected characteristic
 - verbal abuse
 - inciting hatred or bullying against pupils who share a protected characteristic
 - prejudiced or hostile comments in the course of discussions within lessons
 - teasing in relation to any protected characteristic e.g. sexuality, language, religion or cultural background
 - refusal to co-operate with others because of their protected characteristic, whether real or perceived
 - expressions of prejudice calculated to offend or influence the behaviour of others
 - attempts to recruit other pupils to organisations and groups that sanction violence, terrorism or hatred.
- As a school we will respond by:
 - clearly identifying prejudice based incidents and hate crimes and monitor the frequency, location and nature of them within the school
 - taking preventative action to reduce the likelihood of such incidents occurring
 - recognising the wider implications of such incidents for the school and local community
 - providing regular reports of these incidents to the Governing Body
 - ensuring that staff are familiar with formal procedures for recording and dealing with prejudice based incidents and hate crimes
 - dealing with perpetrators of prejudice based abuse effectively
 - train staff to ensure staff recognise what constitutes hate crime, or early indicative behaviour and take action to challenge it effectively
 - supporting victims of prejudice based incidents and hate crimes
 - recognise that anyone can be a perpetrator and that this can take place within groups who have a protected characteristic as well as those who do not
 - consider the use of the [Pan-Hampshire Prejudicial language and behaviours toolkit](#) launched in October 2019 to support the school and wider agencies to tackle this issue.

Internet / e-safety/ on-line safety

- As schools and colleges increasingly work online, it is essential that children are safeguarded from potentially harmful and inappropriate online material. As such, governing bodies and proprietors should ensure appropriate filters and appropriate monitoring systems are in place. Additional information to support governing bodies and proprietors keep their children safe online (including when they are online at home) is provided in Annex C of KCSIE 2020.
- Technological hardware and software is developing continuously with an increase in

functionality of devices that people use. The majority of children use online tools to communicate with others locally, nationally and internationally. Access to the Internet and other tools that technology provides is an invaluable way of finding, sharing and communicating information. While technology itself is not harmful, it can be used by others to make children vulnerable and to abuse them.

- With the current speed of on-line change, some parents and carers have only a limited understanding of online risks and issues. Parents may underestimate how often their children come across potentially harmful and inappropriate material on the internet and may be unsure about how to respond. Some of the risks could be:
 - unwanted contact
 - grooming
 - online bullying
 - sexting
 - leaving digital footprint
 - Accessing inappropriate material deliberately or by accident
 - Accessing inappropriate material beyond a child's capacity to comprehend
- The school will therefore seek to provide information and awareness to both pupils and their parents through:
 - Acceptable use agreements for children, teachers, parents/carers and governors
 - Curriculum activities involving raising awareness around staying safe online
 - Regular pupil surveys to ensure that the content of lessons are up to date and relevant and effective
 - Opportunities for pupils to ask questions, anonymously if needed regarding safety on-line
 - Information included in letters, newsletters, web site, VLE
 - Parents evenings / sessions
 - High profile events / campaigns e.g. Safer Internet Day
 - Building awareness around information that is held on relevant web sites and or publications
 - Ensuring the safeguards in place for the school electronic systems are effective and monitored for any threats to safety
- The aspects of the Safeguarding Policy with regard to online safety also run alongside Moorlands Primary School ICT policy.

• The school uses the 360 Online safety toolkit) to assess its provision and effectiveness. Pupil, parent and staff surveys also inform leaders and governors of the relevance of our provision to ensure pupils are kept safe online in school, and also know how to keep themselves safe when using any electronic devices.

• In developing our home learning policy, we will follow the most up to date DfE guidance regarding remote learning. We will also ensure that appropriate process is set out to protect pupils whilst on line and also provide clear protocols for staff to follow that also protect teachers from allegations.

Social Media

<https://360safe.org.uk/> - online safety self review for schools

Social networking links for advice - <https://www.childnet.com/Content/Childnet/Childnet/Assets/forms/create-send-new-letter-light.html>

• In addition to the above online safety guidance we recognise there are some specific risks with the use of social media platforms by increasingly younger children. Pupils of a young age are now aware of a wide

range of Social media platforms. They may access them via friends or family member's phones. Many have an age restriction mainly due to how the platform can be used.

- Trends may be seen with platforms, especially those aimed at young people where they think their message or photo disappears once read, or children don't understand privacy settings. Whilst they can seem harmless, we will ensure that our educational provision sets out the responsibilities and legalities of usage as well as the dangers and risks that usage can bring in an age or developmentally appropriate way for parents and pupils.

Cyberbullying

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/374850/Cyberbullying_Advice_for_Headteachers_and_School_Staff_121114.pdf

- Central to the School's anti-bullying policy is the principle that '*bullying is always unacceptable*' and that '*all pupils have a right not to be bullied*'.
- The school also recognises that it must take note of bullying perpetrated outside school which spills over into the school and so we will respond to any cyber-bullying we become aware of carried out by pupils when they are away from the site. We will always communicate any concerns to parents/carers and may also report any incidents to the police or Local Authority children's social care.
- Cyber-bullying is defined as "an aggressive, intentional act carried out by a group or individual using electronic forms of contact repeatedly over time against a victim who cannot easily defend himself/herself."
- By cyber-bullying, we mean bullying by electronic media:
 - Bullying by texts or messages or calls on mobile phones
 - The use of mobile phone cameras to cause distress, fear or humiliation
 - Posting threatening, abusive, defamatory or humiliating material on websites, to include blogs, personal websites, social networking sites
 - Using e-mail to message others
 - Hijacking/cloning e-mail accounts
 - Making threatening, abusive, defamatory or humiliating remarks in on-line forums
- Cyber-bullying may be at a level where it is criminal in character. It is unlawful to disseminate defamatory information in any media including internet sites. Section 127 of the Communications Act 2003 makes it an offence to send, by public means of a public electronic communications network, a message or other matter that is grossly offensive or one of an indecent, obscene or menacing character. The Protection from Harassment Act 1997 makes it an offence to knowingly pursue any course of conduct amounting to harassment.
- If we become aware of any incidents of cyberbullying, we will need to consider each case individually as to any criminal act that may have been committed. The school will pass on information to the police if it feels that it is appropriate or are required to do so.

Sexting

- 'Sexting' often refers to the sharing of naked or 'nude' pictures or video through mobile phones and the internet. It also includes underwear shots, sexual poses and explicit text messaging.

- While sexting often takes place in a consensual relationship between two young people, the use of sexted images in revenge following a relationship breakdown is becoming more commonplace. Sexting can also be used as a form of sexual exploitation and take place between strangers. **In our school we will treat any incidents sensitively and may inform parents if it will not raise risks for either child, children's services or the police.**
- As the average age of first smartphone or camera enabled tablet is 6 years old, sexting is an issue that requires awareness raising across all ages.
- The school will use age appropriate educational material to raise awareness, to promote safety and deal with pressure. Parents should be aware that they can come to the school for advice.
- At our school this will be through explicit taught through the use of appropriately recommended resources as identified through DSL training.

Upskirting

- At Moorlands Primary School we recognise that "Upskirting" is a criminal offence and any incidents will be recorded and reported to the DSL and the police, **and may be also reported to children's services.**
- It is recognised that incidents are likely to be upsetting and support and sensitivity are required when dealing with both victim and perpetrator. The DSL will determine how the school will approach any incident on a case by case basis ensuring a clear record is made by the person who it was first reported to.

Gaming

[Professionals Online Safety Helpline | Safer Internet Centre](#)

[http://www.childnet.com/search-results/?keywords=gaming – support documents](http://www.childnet.com/search-results/?keywords=gaming-support%20documents)

[Child net online advice for parents](#)

- Online gaming is an activity that the majority of children and many adults get involved in. The school will raise awareness:
 - By talking to parents and carers about the games their children play and help them identify whether they are appropriate.
 - By support parents in identifying the most effective way of safeguarding their children by using parental controls and child safety mode.
 - By talking to parents about setting boundaries and time limits when games are played.
 - By highlighting relevant resources **to support the child and parent to reduce the time or type of games played where it is indicated as being harmful to the child and their development.**

Online reputation

[Young people - http://www.childnet.com/resources/online-reputation-checklist](http://www.childnet.com/resources/online-reputation-checklist)

[Professional reputation | Safer Internet Centre](#)

<http://www.kidsmart.org.uk/digitalfootprints/>

[Child net online advice for parents – hot topics](#)

- **Online reputation** is the opinion others get of a person when they encounter them online. It is formed by posts, photos that have been uploaded, **it includes posts, photos and comments** made by others on people's profiles. It is important that children and staff are aware that anything that is posted could

influence their future professional reputation. The majority of organisations and work establishments now check digital footprint before considering applications for positions or places on courses. For an employee it can bring disciplinary action and staff are encouraged to follow any code of conduct their organisation provides regarding professional reputation of the individual or their organisation or profession.

- We will aim to educate our pupils through our careers education provision as well as our PSHE curriculum.

Grooming

<http://www.saferinternet.org.uk/search/node/grooming>

<http://www.childnet.com/search-results/?keywords=grooming>

<http://www.internetmatters.org/issues/online-grooming/safe4me-resources>

- Online grooming is the process by which one person with an inappropriate sexual interest in children will approach a child online, with the intention of developing a relationship with that child, it may be so as to be able to meet them in person and is likely to be planned to intentionally cause harm. It is linked to Exploitation of young people that can be for example, sexual or criminal.
- The school will build awareness amongst children and parents about ensuring that the child:
 - only has friends online that they know in real life
 - is aware that if they communicate with somebody that they have met online, that relationship should stay online
 - to never give personal information or share pictures to anyone they don't know in person, and even limit information they share with friends
- That parents should:
 - recognise the signs of grooming
 - recognise it is a form of exploitation
 - have regular conversations with their children about online activity and how to stay safe online
- The school will raise awareness by:
 - Running sessions for parents and signposting helpful information – safe4me website
 - Include awareness around grooming as part of their curriculum
 - Identifying with both parents and children how they can be safeguarded against grooming
 - Establish this learning as a part of the planned new relationships education, by Summer 2021 at the latest.

Substance misuse including alcohol and drugs

<https://www.gov.uk/government/publications/drugs-advice-for-schools>

[safe4me – resources](#)

[Searching, screening and confiscating advice](#)

- Substance misuse applies to the misuse of alcohol as well as 'problem drug use', defined by the Advisory Council on the Misuse of Drugs as drug use which has: 'serious negative consequences of a physical, psychological, social and interpersonal, financial or legal nature for users and those around them.
- The school works to a separate drug policy that can be found on the school website.

Parental substance misuse

- Parental substance misuse of drugs or alcohol becomes relevant to child protection when substance misuse and personal circumstances indicate that their parenting capacity is likely to be seriously impaired or that undue caring responsibilities are likely to be falling on a child in the family.
- For children the impact of parental substance misuse can include:
 - Inadequate food, heat and clothing for children (family finances used to fund adult's dependency)
 - Lack of engagement or interest from parents in their development, education or wellbeing
 - Behavioural difficulties- inappropriate display of sexual and/or aggressive behaviour
 - Bullying (including due to poor physical appearance)
 - Isolation – finding it hard to socialise, make friends or invite them home
 - Tiredness or lack of concentration
 - Child talking of or bringing into school drugs or related paraphernalia
 - Injuries /accidents (due to inadequate adult supervision)
 - Taking on a caring role
 - Continued poor academic performance including difficulties completing homework on time
 - Poor attendance or late arrival
- These behaviours themselves do not indicate that a child's parent is misusing substances, but should be considered as indicators that this may be the case. If staff believe that a child is living with parental substance misuse, this will be reported to the designated safeguarding lead for referral to be considered for children's social care.

Substance misuse including alcohol and drugs – children

<https://www.gov.uk/government/publications/drugs-advice-for-schools>

[Searching, screening and confiscation](#)

- The school recognises that young people need good quality education about lawful and unlawful substances. We will ensure that students are given accurate information, understand the consequences of misuse, and are taught the skills to avoid becoming involved with drugs and other substances through the curriculum and individual needs.
- For the purposes of School Policy, the term 'Drug' is used to include:
 - Illegal substances
 - Substances which are legal but can be misused (please see the schools drug policy and supporting children with medical conditions)

First Aid

www.gov.uk/government/publications/first-aid-in-schools

- There is a separate First Aid policy which can be requested via the school office. This includes information about trained staff, retraining dates, storage of use of first aid kits, recording incidents where first aid or injury has occurred, **and responsibilities on offsite activities.**
- **A record of Trained first aiders will be easily accessible for all staff in case of need.**
- **An addendum for first aid during any changed staffing periods as a result of covid will be completed and reviewed. All staff will be made aware of any changes and who are first aiders on site daily.**

- Pupils with Individual Health Care Plans/ medical conditions will be communicated with staff and plans reviewed in a timely manner with professionals where possible.
- Except in cases of emergency, first aid will only be administered by qualified First Aiders. If it is necessary for the child to remove clothing for first aid treatment, there will, wherever possible, be another adult present.

Pupils with medical conditions (in school) including emergency evacuation

<http://www.youngsouthampton.org/working-with-children/schools-guidance/health-and-safety/manual/managing-medicines-in-schools.aspx>

www.gov.uk/government/publications/supporting-pupils-at-school-with-medical-conditions--3

- [Using emergency adrenaline auto-injectors in schools](#)
- [Health and safety: advice for schools](#)
- [Emergency asthma inhalers for use in schools](#)
- [Health and safety in schools](#)
- [First aid in schools](#)
- As a school we will make sure that sufficient staff are trained to support any pupil with a medical condition. All staff will be made aware of the condition to support the child and be aware of medical needs and risks to the child. Please see the medical conditions policy on the school website for more information.
- An individual healthcare plan will be put in place to support the child and their medical needs. This will include a plan to reduce risks for any emergency situation that can be reasonably planned for or could arise due to the nature of the medical condition. It will take into account covid-19 risks for each child and include specific actions as supported by a health professional where appropriate.

Pupils with medical conditions (out of school)

<http://www.youngsouthampton.org/working-with-children/schools-guidance/health-and-safety/manual/managing-medicines-in-schools.aspx>

- There will be occasions when children are temporarily unable to attend our school on a full time basis because of their medical needs.
- These children and young people are likely to be:
 - children and young people suffering from long-term illnesses
 - children and young people with long-term post-operative or post-injury recovery periods
 - children and young people with long-term mental health problems (emotionally vulnerable)
- Where it is clear that an absence will be for more than 15 continuous school days the Education Welfare Service will be contacted to discuss how to best support with the pupil's education. A "bear in the seat" approach may be taken to continue a child's presence and support their return following absence.
- Where appropriate distance learning may be provided, this may be in conjunction with the hospital school in some circumstances, or directly from our school or another provider. This will be agreed with parents or health professionals on a case by case basis. As this would be defined as Alternative Provision, the guidance for Alternative Provision on .gov.uk should be followed. The safeguarding of pupils who have Alternative provision education arrangements must be checked by the home school and the DSL be satisfied that arrangements to safeguard the child on their roll are sufficient.

Intimate care

Intimate and Personal Care including for Children with Disabilities

- The Intimate Care Policy and Guidelines Regarding Children have been developed to safeguard children and staff.
- They apply to everyone involved in the intimate care of children. Disabled children can be especially vulnerable. Staff involved with their intimate care need to be sensitive to their individual needs and follow any agreed care plan. All plans have appropriate adjustment made regarding the use of PPE for tasks included or that become necessary to ensure the care of a pupil requiring intimate care. Any changes to plans for pupils requiring Intimate care will continue to ensure that staff who are trained and not on the barred list are those nominated to complete Intimate care activities.
- Intimate care may be defined as any activity required to meet the personal care needs of each individual child. Parents have a responsibility to advise staff of the intimate care needs of their child, and staff have a responsibility to work in partnership with children and parents. This advice should be recorded, as should whenever staff have had to carry out those activities.
- Intimate care can include:
 - Feeding
 - Oral care
 - Washing
 - Dressing/undressing
 - Toileting
 - Menstrual Care
 - Photographs
 - Treatments such as enemas, suppositories, enteral feeds
 - Catheter and stoma care
 - Supervision of a child involved in intimate self-care

Fabricated or induced illness

NHS advice and guidance for what to do if worried about a child

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/277314/Safeguarding_Children_in_whom_illness_is_fabricated_or_induced.pdf

- There are three main ways that a carer could fabricate or induce illness in a child. These are not mutually exclusive and include:
 - fabrication of signs and symptoms. This may include fabrication of past medical history;
 - fabrication of signs and symptoms and falsification of hospital charts and records, and specimens of bodily fluids. This may also include falsification of letters and documents;
 - induction of illness by a variety of means.
- Additionally, this year, we are aware COVID symptoms could be provided as a reason to not attend school.
- Our school will follow PHE guidelines regarding testing and isolating and record absences and any notification of a household member's symptoms or illness within each child's records. We will liaise with EWO and health partners where parents are not following advice given regarding testing and isolating – especially where it is leading to non-attendance at school. We will consider a referral to MASH if the context of the case indicates the safety of a child is of concern.

- **Where this is not COVID-19 linked** - If we are concerned that a child may be suffering from fabricated or induced illness we will follow the established procedures of the Southampton Safeguarding Children partnership (end of September 2019) and be professionally curious to ascertain factual information that may support the illness or support our concerns. **This may include a safeguarding discussion with GPs/ health colleagues.** We will then refer to children's services MASH if appropriate.

Mental Health

<https://www.time-to-change.org.uk/about-us> - link with information that may be helpful

<http://www.youngminds.org.uk/> - link with information that may be helpful

[Guidance for promoting children's emotional, mental health and wellbeing](#)

<https://www.barnardos.org.uk/support-hub>

- The term "mental health" is often used to cover a wide range of conditions, from eating disorders, mild depression and anxiety to psychotic illnesses such as schizophrenia or bipolar disorder. Parental mental illness does not necessarily have an adverse impact on a child's developmental needs, but it is essential to always assess its implications for each child in the family. It is essential that the diagnosis of a parent/carer's mental health is not seen as defining the level of risk. **Similarly, the absence of a diagnosis does not equate to there being little or no risk. Children may also be experiencing mental health issues as a result of recent experiences during the pandemic, or for longer.**
- For children the impact of parental mental health can include:
 - The parent / carer's needs or illnesses taking precedence over the child's needs
 - Child's physical and emotional needs neglected
 - A child acting as a young carer for a parent or a sibling
 - Child having restricted social and recreational activities
 - Child finds it difficult to concentrate- impacting on educational achievement
 - A child missing school regularly as (s)he is being kept home as a companion for a parent / carer
 - Adopt paranoid or suspicious behaviour as they believe their parent's delusions.
 - Witnessing self-harming behaviour and suicide attempts (including attempts that involve the child)
 - Obsessional compulsive behaviours involving the child
- Class teachers and TAs see their pupils day in, day out. They know them well and are well placed to spot changes in behaviour that might indicate an emerging problem with the mental health and emotional wellbeing of pupils.
- **In our school we recognise that a mental health issue can be as a result of previous abuse or traumatic event – staff will always report any concerns about a child using a C4C form or ELSA referral acknowledging if the behaviours observed are new or triggered in certain situations.**
- The balance between the risk and protective factors are most likely to be disrupted when difficult and adverse childhood events occur in pupils' lives. These include:
 - **loss or separation** – resulting from death, parental separation, divorce, hospitalisation, loss of friendships (especially in adolescence), family conflict or breakdown that results in the child having to live elsewhere, being taken into care or adopted;
 - **life changes** – such as the birth of a sibling, moving house or changing schools or during transition from primary to secondary school, or secondary school to sixth form; and
 - **traumatic events** such as abuse, domestic violence, bullying, violence, accidents, injuries or natural disaster.
 - **COVID separation from others, unexpected change, changed endings and pandemic related issues for individuals and their families**

- If staff become aware of any of the above indicators, or others that suggest a child is suffering due to parental mental health, the information will be shared with the DSL to consider a referral to children's social care.
- When concerns are identified, school staff will provide opportunities for the child to talk or receive support within the school environment. Parents will be informed of the concerns and a shared way to support the child will be discussed.
- Where the needs require additional professional support referrals will be made to the appropriate team or service with the parent's agreement (or child's if they are competent as per Fraser guidelines).
- Our school, will endeavour to become an active partner in the Mental Health in Schools Project in partnership with health colleagues as it establishes across the city. We will ensure that all staff are aware of the indicators that may need further exploration to determine the level of support required for a child which may be internally or through external partners.

Children with Special Educational Needs and Disabilities

- Children with Special Educational Needs and Disabilities can face additional safeguarding challenges.
- Governors will ensure the Safeguarding Policy reflects the fact that additional barriers can exist when recognising abuse and neglect in this group of children. These can include:
 - Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration
 - The potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing signs
 - Communication barriers and difficulties in overcoming these barriers
- Please see the Inclusion Policy for more information; this can be found on the school website.

Children Looked After

<https://hipsprocedures.org.uk/qkyyht/children-in-specific-circumstances/looked-after-children-and-other-children-living-away-from-home>

<https://www.gov.uk/topic/schools-colleges-childrens-services/looked-after-children>

<https://www.gov.uk/government/publications/designated-teacher-for-looked-after-children>

- All staff have a responsibility to keep all children safe. Staff need to be aware of the child's care arrangements including the levels of authority delegated to the carer by the authority looking after him or her. The Designated Safeguarding Lead will have all details of the child's social worker, the name of the Virtual School Head Teacher in the authority that looks after the child.
- The Designated Teacher in our school is a qualified teacher, and has received training to undertake their role with regards for looked after and previously looked after children. The role is clearly set out in their job description and includes the need to promote the educational achievement of these children. They have been appointed into role. The designated teacher will ensure that they liaise with the relevant Virtual School and ensure that a personal education plan (PEP) is in place and regularly reviewed. Appropriate staff will have the information they need in relation to a child's looked after legal status and contact arrangements in place for the child.

The Designated Teacher for our school is: Miss Sarah Roughton

The name of the Virtual School Head Teacher in Southampton is Maria Anderson.

Contact details: maria.anderson@southampton.gov.uk

- Governors in our school ensure that the Designated Teacher has the necessary training, skills and time to carry out this role on at least an annual basis.

Private fostering

- Private fostering is an arrangement by a child's parents for their child (under 16 or 18 if disabled) to be cared for by another adult who is not closely related and is not a legal guardian with parental responsibility for 28 days or more.
- It is not private fostering if the carer is a close relative to the child such as grandparent, brother, sister, uncle or aunt living in the child's home. It is not an arrangement made by a social worker.
- The law requires that the carer/s and parents must notify the children's services department of any private fostering arrangement. If the school becomes aware that a pupil is being privately fostered, we will inform the children's services department and inform both the parents and carers that we have done so unless there is a reasonable belief that by informing a parent/carer this may increase the risk of harm to a child. Advice can be gained from MASH if required.

Parenting

- All parents will struggle with the behaviour of their child(ren) at some point. This does not make them poor parents or generate safeguarding concerns. Rather it makes them human and provides them with opportunities to learn and develop new skills and approaches to deal with their child(ren).

- Some children have medical conditions and/or needs e.g. Tourette's, some autistic linked conditions, ADHD; that have a direct impact on behaviour and can cause challenges for parents in dealing with behaviours. This does not highlight poor parenting either.
- Parenting becomes a safeguarding concern when the repeated lack of supervision, boundaries, basic care or medical treatment places the child(ren) in situations of risk or harm.
- In situations where parents struggle with tasks such as setting boundaries and providing appropriate supervision, timely interventions, for example through school staff or the Early Help team can make drastic changes to the wellbeing and life experiences of the child(ren) without the requirement for a social work assessment or plan being in place.
- As a school we will support parents in understanding the parenting role and provide them with strategies to make a difference by:
 - providing details of community based parenting courses
 - linking to web based parenting resources (<http://www.familylives.org.uk/>)
 - referring to the school parenting worker/home school link worker (where available)
 - discussing the issue with the parent and supporting them in making their own plans of how to respond differently (using evidence based parenting programmes)
 - Considering appropriate early help **services or referral for support**

Children and the court system

- Children are sometime required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. There are two age appropriate guides to support children 5-11-year olds ([Young witness booklet for 5 to 11 year olds - GOV.UK](#) and 12-17 year olds ([Young witness booklet for 12 to 17 year olds - GOV.UK](#)).
- Making child arrangements via the family courts following separation can be stressful and entrench conflict in families. This can be stressful for children. The Ministry of Justice has launched an online child arrangements information tool with clear and concise information on the dispute resolution service. This may be useful for some parents and carers.
- If this situation arises for a child at Moorlands Primary School we will work with the relevant agencies and families to ensure that the child feels supported through the process and after through assessment on a case by case basis. This would include working with relevant agencies if a child were alleged to have committed a criminal offence.

Children with family members in prison

[NICCO](#)

- Approximately 200,000 children have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. NICCO provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children. If this occurs at (insert school) we will work together with the relevant agencies including NICCO to ensure that the child is fully supported and actions can be taken to aim to mitigate the circumstances ensuring that all communication and access to information is fully adhered to.
- If we become aware of a family member being in prison without having had contact with external agencies the DSL will establish contact through taking advice from MASH professional line advisors.

Homelessness

<https://www.southampton.gov.uk/housing/housing-help/homelessness-advice/>

- We recognise that being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The designated safeguarding lead (and any deputies) will where needed contact/ refer into the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. An Early help referral may be an integral/ additional action depending on the circumstances.
- Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Referrals and/ or discussion with the Local Housing Authority/ Early Help team should be progressed as appropriate, and in accordance with local procedures, this does not, and should not, replace a referral into children's social care where a child has been harmed or is at risk of harm
- In most cases staff will be considering homelessness in the context of children who live with their families, and intervention will be on that basis.
- Local process for homelessness concerns is to complete the referral form in the link below or contact for advice:

During office hours you can contact on:

telephone number 023 8083 2327

email homelessness.advice@southampton.gov.uk.

If the query or information is that someone is homeless as a result of an emergency outside of normal office hours, you can contact the council's out of hour's service on 023 8023 3344

Reporting and recording concerns about a child or young person

- Any member of staff who has concerns about the welfare of a child must share this information with the DSL, without delay. Staff will make a brief, accurate and verbatim record of the concerns including the child's own words (if a disclosure / allegation) or the evidence that has led to the concerns. This report is given to the DSL who will analyse risk and refer onwards as necessary and appropriate.
- Staff in our school, through training are aware that if a child makes a disclosure about harm that this must be reported without any delay to the DSL.
- Referrals where urgent action is required should never be delayed in order for a full record to be written, as soon as possible. CP records will be stored securely and away from the main pupil records.
- In our school the DSL will ensure this responsibility is met by:
 - Ensuring CPOMs is managed effectively
 - Ensuring all written records are stored in a locked cabinet away from other records
 - Carrying out checks with other staff members for accountability
 - Annual safeguarding audit with the Governing Body

- Where it has been determined that it will not increase the risk to the child to do so consent will be sought from the parent in all cases where referral to any partner is going to be made.
- Records should clearly record time and date, and who has made the record. It should record specific words/ information used by the child, and any reasons for actions/ decisions taken should be kept (for example why something was not referred to MASH). This will enable accountability and future evaluation should issues arise.
- **Confidentiality**
 - We maintain that all matters relating to child protection are to be treated as confidential and only shared as per the 'working together' guidance.
 - Decisions to share/ not share information will be recorded together with the reasons for this within a child protection or welfare concern record.
 - The best's interests of the child will be placed at the heart of decision making to share information, especially where contextual information is included.
 - Information will only be shared with agencies who we have a statutory duty to share with or individuals within the school who 'need to know'.
 - All staff are aware that they cannot promise a child that they will keep a secret
 - Disciplinary action or re-training needs will be considered for any breach of confidentiality.

- **Listening and responding**

- All staff receive training in how to listen and respond to children. They will allow the child to speak and only ask open questions to aid clarification.
- **Reporting**
 - Staff will notify DSL of any child already open to Early Help, Child in Need or a Child Protection Plan where there is an unexplained absence, behaviours/ information that may be different than usual or known who in turn will assess the info and inform the allocated Social Worker.
 - Staff will report to DSL any additional concerns, disclosures or observations after the initial referral, not assuming that a referral in itself will protect children.
 - In our setting reporting is completed using the following process: C4C form or written record (with details outlined as per training received)
 - Reporting will be without delay
 - In our setting out of hours or during holidays this means contacting children's services / police / NSPCC directly, as a member of the public (see reporting leaflet) and informing a DSL accordingly of the situation via phone.

- All staff understand, through our whole school training, that if there is a mandatory reporting duty linked to the information that they will be asked to complete this in a timely manner so as to ensure safeguarding of the child or young person. This may also involve needing to be spoken to by police.

- **Record keeping**

- Any member of staff who has concerns about the welfare of a child must share this information with the DSL.
- Staff will make a brief, accurate and verbatim record of the concerns including the child's own words (if a disclosure / allegation) or the evidence that has led to the concerns.
- This report is given to the DSL, and recorded by the teacher in the school system who will analyse risk and refer onwards as necessary and appropriate, requesting advice from Children's Services if necessary.

- Referrals where urgent action is required should never be delayed in order for a full record to be written within 48 hours.
- CP records will be stored securely and away from the main pupil records.
- CP records will be stored electronically on the Child Protection Online Management Software (CPOMS) with SLT holding secure 'merilock' keys for confidential access.

- **Referral**

- A member of the safeguarding team will assess the information and consider if significant harm has happened or there is a risk that it may happen. If the evidence suggests the threshold of significant harm, or risk of significant harm has been reached; or they are not clear if the threshold is met, then the DSL will contact MASH for further advice.
- Usually the DSL will inform the parents and gain their consent prior to making a referral however there are situations where this may not be possible or appropriate as it would increase the risk to the child or lead to considerable delay in sharing of information which would not be in the best interests of the child.

- **Confidentiality**

- Staff understand they can get advice from the DSL regarding concerns and confidentiality.
- We maintain that all matters relating to child protection are to be treated as confidential and only shared as per the 'working together' guidance.
- Information will only be shared with agencies who we have a statutory duty to share with or individuals within the school who 'need to know'.
- All staff are aware that they cannot promise a child that they will keep a secret
- Disciplinary action/ re-training will be considered for any breach of confidentiality.
- All actions will be taken in the best interests of the child, and a record of decisions will be held with the child's record of concerns or child protection file with a level of protection determined by the DSL.

- **Reporting and recording**

- A DSL will ensure that a report is always sent to every multi-agency/ child in need or child protection meeting. They or another appropriately trained and informed member of staff may also attend case conferences or other planning meetings, contributing to the assessment process alongside the report.
- Staff will notify DSL (and attendance officer if nominated) of any child on a Child Protection Plan (CP)/ Child in Need (CiN) plan where there is an unexplained absence, who in turn will inform the DSL, and allocated Social Worker or Child Protection Chair.
- Staff will report to DSL any additional concerns, disclosures or observations after the initial referral, not assuming that a referral in itself will protect children.
- Further information and procedures can be found in the school Child protection policy.
- Where a child is not open to CP or CiN reports of concerns will be made using C4C or written records but staff, through training, understand that they must report without delay disclosures or information identifying harm to the DSL using the schools process.

NB: Staff must not go home worrying about a child, but should share the information before they leave school

How to notify the Local Authority of removal from roll

www.youngsouthampton.gov.uk.

- The local authority has recently re-issued detailed operational guidance to schools on steps that must be taken prior to removal from roll to ensure that removal from roll is lawful and that steps have been taken that will highlight any safeguarding concerns. Copies are available from the Children Missing Education Officer, and on
- We recognise that the Local Authority may contact the school or parent to ensure that the off-rolling of the pupil is lawful and in the best interests of the child, and that the school has not acted unlawfully in the off-rolling.

Transfer of child protection records or welfare concerns

<http://www.youngsouthampton.org/images/retention-of-records-update-of-policy-july-2019.pdf>

- It is stated in KCSiE 2020 that it is our, the sending schools, responsibility to pass on any records to any new school/setting in a timely manner, and that if there is provision that should be in place for day 1 or information that should be known to safeguard a child then this can be shared prior to day 1. **In such instances, this can be completed by the DSL's and both schools should keep a record that this has occurred.**
- **If our school receives information to prepare for day 1 for a child we will record how we received the information, when, and what actions were put in place as a result of this. This discussion is not be held in lieu of the transfer of the record. We will follow up with any setting where we do not receive records that we have been made aware of in a timely manner.**
- We follow SCC policy for the retention and transfer of child protection and child welfare records, September 2020 and always do this with parental consent unless to do so would increase the risk to the child. These decisions to share with/ without consent are recorded in the safeguarding log/school system. A record of transfer and receipt by the new organisation is obtained and recorded in the safeguarding log/school system or securely in line with the storage of child protection records.

Transfer of educational records

- SCC have defined Educational neglect and recognise that this can be parental, child, professional or organisational. (See Appendix 4). The failure to transfer records to the next educational establishment or training provider in a timely manner constitutes to potential educational neglect if, for example, the records support assessments made that support the educational development of the child. Failure to transfer may also be neglectful under the statutory duties set out within the SEN Code of Practice 2014. Transfer of educational records is set out in the transfer of child protection, child welfare and education learning records policy September 2020 (link above)
- **In our school we recognise that we may have information that will support the educational development of a child/ young person that is beyond that covered in the aspects within the CTF. The CTF will be transferred as per statutory requirements and any additional supporting information transferred under the transfer of records policy accordingly.**

Staff and recruitment and pre-employment vetting

Our school has robust recruitment and volunteer checking processes in place to ensure that no one who is unsuitable can work with the children and young people in our setting. This enables the governing body and if applicable proprietors to act in a reasonable manner in making decisions about prospective employees and volunteers using evidence and checks carried out. These checks will include at least some of the following checks as set out in this guidance.

Safer Recruitment

<https://www.gov.uk/government/publications/staffing-and-employment-advice-for-schools> (February 2017)
[safer recruitment consortium guidance](#)

Safer recruitment consortium addendum

<https://www.saferrecruitmentconsortium.org/GSWP%20COVID%20addendum%20April%202020%20final-1.pdf>

- The school follows the safer recruitment processes outlined in Part three of KCSiE 2020 that links to the school's Recruitment Policy [link to schools own policy]. On all recruitment panels there is at least one member who has undertaken safer recruitment training which is updated regularly. **In our school regularly means every 3 years for safer recruitment training.**
- In our school the staff and governors who are safer recruitment trained are:
 - Mrs Sarah Harrison
 - Miss Sarah Roughton
- The process checks the identity, criminal record (enhanced DBS), mental and physical **ability to carry out the role**, right to work in the U.K., professional qualification and seeks confirmation of the applicant's experience and history through references, **checks appropriate to role – paragraphs 137-152 KCSiE2020 (EG if in regulated activity checks will be different than those in unregulated activity in line with KCSiE 2020)**. It must include qualifications, Enhanced DBS checks, barred list checks and prohibition checks for teachers. Where appropriate checks will be made under the disqualification from childcare act and a section 128 check will be carried out for all governors in maintained schools, and heads of subject and above in academy and free schools.
- **Where a person's role is to be in regulated activity the information on page 35 of KCSiE 2020 will be used.**
- **Where a person is not in regulated activity – such as a contractor we will follow checks and steps in paragraphs 196-199.**
- **Where a person is a supervised volunteer in a school or college the guidance in KCSiE Annex F will be followed.**
- **Any member of staff appointed to carry out teaching work will require a prohibition check**
- **If the person has lived or worked outside of the UK further checks should be carried out if deemed appropriate and checks to ensure that a candidate to carry out any teaching work is not subject to a prohibition or other order as described in para 154 KCSiE 2020**

- Para 156 sets out information regarding events outside of the UK in respect of checks for people who have worked overseas but have since within three months of the current application met criteria set out in para 156.
- A risk assessment will be completed and stored securely with personnel file for any member of staff who has information included within the DBS or any other checking process.
- A risk assessment will also be carried out for all volunteers carrying out duties/ activities within school or organised by the school. This will include completion and outcomes of relevant checks and assess suitability for the role. Governors will maintain oversight of risk assessments.
- Para 158 and 159 set out usage of the DBS update service that our school will follow if it applies to individual applying to our school.

Single Central Record

[Inspecting safeguarding in early years, education and skills settings - GOV.UK](#)

- The Single Central Record is fully compliant with current guidance - KCSiE 2020, and in line with Ofsted's guidance, "Inspecting Safeguarding in early years, education and skills" September 2019.
- At least termly monitoring, as recommended by the LA, of the SCR is undertaken by senior leaders or governors and a record of this monitoring and any actions required is held.
- Where any adults have regular access to our building, for example on-site pre-school staff, and therefore our children the information that we would require if they were a member of staff is held by the school on the single central register and is checked regularly in line with our own staff.

Regulated or unregulated activity

- This is determined for all staff, governors and volunteers in our school and recorded on the SCR. Going forward it means that different checks may be completed depending on the role being undertaken for example, by volunteers or governors.
- Where it is determined that a person is engaging in their role in regulated activity an enhanced DBS certificate with children's (and if relevant adults) barred list check will be carried out, in addition to any other checks relevant to role. Guidance in KCSiE 2020 annex is used in our school. Where it is determined that someone is not engaging in regulated activity an enhanced DBS certificate which does not include any barred list check will be appropriate, as outlined in KCSiE 2020.
- Annex F KCSiE 2020 provides supportive guidance regarding supervision and is followed in our practice.

Teacher Status Checks

<https://sa.education.gov.uk/idp/Authn/UserPassword>

- This includes prohibition from teaching checks. These are carried out via the DfE secure access portal. This information must be recorded and dated on the Schools Single Central Register. We check all qualified teachers that are appointed to any position in our school. We include the EEA / overseas checks if required.
- There are a number of individuals who are subject to disciplinary sanctions imposed by the GTCE prior to its abolition in 2012- it is a pre-appointment check for all staff to whom this could apply at our school.

Section 128 checks

- For all governors in a maintained school/setting a Section 128 check will be carried out, date of check and outcome recorded on the single central register. In academies/free schools a Section 128 check will be carried out and outcome recorded on the single central register for all those in management positions (head of department or above). This is carried out via the DfE secure portal as for prohibition from teaching.
- The Section 128 check will also be disclosed **IF** an enhanced DBS with Barred list information is requested **PROVIDING THAT** "Children's workforce of independent schools is specified for the barred list check. In our school we include the Section 128 for those it is relevant for within our DBS process.

Disqualification under the Childcare Act

<https://www.gov.uk/government/publications/disqualification-under-the-childcare-act-2006>

- The Childcare Act of 2006 was put in place to prevent adults who have been cautioned or convicted of a number of specific offences from working within childcare.
- Staff (meaning individuals employed by the school or local authority, those undertaking training in schools (both salaried and unsalaried), casual workers and volunteers) are covered by this legislation in the following circumstances:
 - They are employed and/or provide early year's childcare (this covers the age range from birth until 1 September following a child's fifth birthday, i.e. up to and including reception age). This includes education in nursery and reception classes (e.g. teachers and support staff in a reception class) and/or any supervised activity (such as breakfast clubs, lunchtime supervision and after school care provided by the school) both during and outside of school hours for children in the early years' age range; and
 - They work in childcare provided by the school outside of school hours for children who are above reception age but who have not attained the age of 8. This includes before school settings, such as breakfast clubs, after school provision and holiday clubs. It does NOT include education or supervised activity for children above reception age during school hours including extended school hours for co-curricular learning activities, such as the school's choir or sports teams.

- The legislation also applies to any staff directly concerned in the management of such early or later years' provision.
- As a school we require all staff who may be impacted by this piece of legislation to complete a self-declaration form and to inform the head teacher immediately if they become aware of any changes to their circumstances that would require us to be aware that they may become or have become disqualified. **Staff are clear the disqualification responsibilities to report relate to just themselves.**
- If a member of staff is impacted, we will seek advice from the LADO or HR provider as to how to manage the situation proportionately and appropriately under current guidance ensuring our ability to safeguard all children is not reduced.

Staff Induction

- The DSL or their deputy will provide all new staff with training to enable them to both fulfil their role and also to understand the child protection policy, the safeguarding policy, the staff behaviour policy/code of conduct, part one of Keeping Children Safe in Education, September 2020.
- This induction may be covered within the annual training if this falls at the same time; otherwise it will be carried out separately during the initial starting period. A record of training undertaken as well as clarification of understanding will be kept up to date in school.

Induction of volunteers

- Induction will be undertaken with volunteers proportionate to their role, **following a satisfactory risk assessment being completed for each individual.** This should include informing them of actions they are reasonably expected to take within the role they are volunteering within to safeguard children in their care, it would include how to report any incidents or concerns and how to recognise any concerns and what to avoid in line with our child protection policy

Staff Code of Conduct

- All staff (paid and voluntary) are expected to adhere to a code of conduct in respect of their contact with pupils and their families. This can be found in the Staff Code of Conduct Policy and forms a part of induction process for all staff, including expectations for volunteers.

Training

- All staff in Education should be aware of the signs and symptoms of abuse and be able to respond appropriately. Training is provided to the whole school every year with separate training to all new staff on appointment if this falls at a different point in the year. The DSL will attend initial training for their role and then refresh this specific training for DSL's **every two years in addition to having an annual update and regular updates in between training through for example, DSL networks, reading related articles or research and keeping a record of the ways that they have kept up to date.**

- Any update in national or local guidance will be shared with all staff and then captured in the next whole school training. A record will be kept and policy updated. The effectiveness of any updates will be monitored by (the senior leadership team and Governing body as part of the annual safeguarding audit.
- Information for visitors should be clear so as they can raise any concerns whilst in school. It should include the names of DSL/s and how to contact them. It should also set out any expectations regarding for example, use of mobile phones.

Staff Responsibilities

- Staff understand that they all have a key role to play in identifying concerns early and provide help for children where necessary through **referral to Early Help services or Children's Services at the Local Authority.**

Child-Adult Interactions

- All staff should be aware of the dangers which may arise from private interviews with pupils and where possible, such interviews should be conducted within a room with visual access, with the door open, or in a room which is likely to be frequented by other people.
- Meetings with pupils away from school premises are not permitted. Transportation of children in a private car has to comply with the advice and guidance set out in the Educational Visits policy.
- Where it is necessary to touch or guide a pupil in outdoor or physical activity, every attempt should be made in advance to explain openly and factually what physical contact may be required. Unnecessary contact must be avoided.
- Physical contact may be misconstrued by a young person, parent or observer. Such contact might include well intentioned informal gestures such as putting a hand on the shoulder or arm, which if repeated with an individual could lead to serious questions being raised. Therefore, as a general principle, employees must not make gratuitous physical contact with pupils and it is unwise to attribute touching to their teaching style or as a way of relating to young people generally.
- Any form of physical punishment of young people is unlawful, as is any form of physical response to misbehaviour unless it is by way of reasonable restraint.
- As with physical contact, comment by employees to pupils individually or in groups can be misconstrued. As a general principle therefore, employees must not make any comments which could be construed to have a sexual connotation.
- Systematic use of insensitive, disparaging or sarcastic comments is also unacceptable.
- When using teaching materials, employees should be aware of the danger that their selection could be misinterpreted and may be criticised after the event. Employees may need to bring the above to the attention of parent helpers within the school and should always intervene immediately if they see a parent touching a child. No volunteers in school should be unsupervised.

How to escalate professional disagreement

7.3 Escalation Policy for the Resolution of Professional Disagreement | Hampshire, Isle of Wight, Portsmouth and Southampton

- At no time will professional dissent detract from ensuring that any child is safeguarded. If professionals are unable to resolve differences, this will then be addressed by the line manager in conjunction with the DSL in the first instance.
- If any professional in our school remains dissatisfied with another professional/agencies response to the raising of a concern, then the LSCB procedures for escalation should be followed. Advice may be sought from SCC officers.
- SCC provide a regular monthly drop- in to discuss any procedural issues (first Tuesday of each month from 3/9/19 onwards for safeguarding professionals to raise concerns about process or discuss any issues prior to the need to escalate and to ensure that the systems for the protection of children is effective).

Allegations against Staff

- **Southampton City Council's Designated Officer is: Jemma Swann**
- **Phone:** 023 8091 5535
- **E-mail:** LADO@southampton.gov.uk
- Moorlands Primary School has clear procedures for dealing with allegations against staff. Which are clear that all allegations should be reported straight away, normally to the Head Teacher unless the allegation involves the Head Teacher. The procedures also identify the governors, to whom reports be made in the absence of the Head Teacher or in cases where they themselves are the subject of the allegation or concern. Procedures should also include contact details for the local authority designated officer (LADO) responsible for providing advice and monitoring cases.
- Note: **settings and the LADO must take account of transferable risk within allegations (KCSiE 2020)**
- Whistleblowing policy – all staff are made aware of the Whistleblowing policy and how to use it. This is also included in the annual training staff receive on safeguarding.

Whistleblowing

<https://www.gov.uk/whistleblowing>

<https://www.nspcc.org.uk/keeping-children-safe/reporting-abuse/dedicated-helplines/whistleblowing-advice-line/>

- **All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school's or colleges safeguarding regime, and know that such concerns will be taken seriously by the senior leadership team.**
- **Appropriate whistleblowing procedures should be put in place for such concerns to be raised with the school's or college's senior leadership team in the first instance.**
- **Where a staff member feels unable to raise an issue with their employer, or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them:**

- NSPCC's what you can do to report abuse dedicated helpline is available as an alternative route for staff who do not feel able to raise concerns regarding child protection failures internally or have concerns about the way a concern is being handled by their school or college. Staff can call 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday

Management

Leadership

- It is the responsibility of the Designated Safeguarding Leads to maintain an overview of new developments, and they will attend the local Authority Network Meetings in order to do this updating staff and policy as necessary. In line with KCSiE 2020 staff training must be carried out annually with updates as required, records of training and updates, will be kept identifying that staff have attended, read and understood the information shared.
- Oversight of records of concerns made by staff will be maintained by (add how and by whom, and how often). Staff will be held to account for the record, timeliness and appropriateness of actions.
- We recognise that all staff and Governors have a full and active part to play in ensuring there is a culture of safeguarding that is effective in protecting our pupils from harm, and that the child's welfare is our paramount concern. We recognise that staff anxiety around child protection can undermine good practice and so have established clear lines of accountability, training and advice to support the process and individual staff within that process.
- In this school any individual can contact the Designated Safeguarding Lead (DSL) if they have concerns about a young person. The school have an appointed Designated Safeguarding Lead known as the DSL who is a member of the Senior Leadership Team and has undertaken appropriate training specific for the role that is renewed every two years. Our DSL will attend Network Meetings arranged by Southampton City Council on a regular to update them on current local safeguarding partner priorities/ issues nationally/ within the Local Authority so as to provide updates as needed to staff and leaders.

The Safeguarding Team Comprises of Mrs Leanne Ross, Miss Sarah Roughton and Mrs Rachel Wright. All members of the Safeguarding Team are trained Lead DSLs.

The **deputy DSL** is **Miss Gemma Waring**.

- There is also a nominated Safeguarding Governor who will lead the monitoring of safeguarding and ensure the school meets its statutory duties effectively. A nominated governor has been identified to receive reports of allegations against the Head Teacher and act on the behalf of the Governing Body. **The will undertake training for this role during this academic year.**

The Chair of Governors is: Louise Rankin / Julie Geen

The safeguarding governor is: Mrs Louise Rankin and Mrs Sarah Smith.

The governor nominated to manage allegations against the head teacher is: Louise Rankin / Julie Geen

All can be contacted through the school, or through details on the school website

- **Governors** are aware of the duties set out in KCSiE2020 for governing body responsibilities for safeguarding. A record of all governors, in addition to those who have named responsibility, having read and understood KCSiE 2020 including the governor responsibilities is held with governing body records.

Governance

- **Key personnel and how to contact**

- The Designated Safeguarding Lead for the school is: Leanne Ross, Rachel Wright, Sarah Roughton
- The Deputy Safeguarding Leads is/are: Gemma Waring
- The Designated Teacher for Looked After Children is: Sarah Roughton
- The Person to contact for Prevent is: Leanne Ross
- The Safeguarding Governor/s is/are: Sarah Smith / Louise Rankin
- Governor nominated to manage allegations against the head teacher is: Lousie Rankin / Julie Geen

All of the above personnel can be contacted via the school office on 02380 4644040 or info@moorlandsprimary.net

- Southampton Virtual School Head teacher is Maria Anderson: maria.anderson@southampton.gov.uk;
02380 833060
- The Local Authority Designated Officer is Jemma Swann: lado@southampton.gov.uk;
02380 915535
- Southampton City Council's Strategic Lead Officer for Safeguarding in Education is: **Robert Henderson**,
Director for Children and Families:
- **Safeguarding lead for education settings within Southampton Local Authority school improvement is:**
Alison Philpott Alison.philpott@southampton.gov.uk; 07500050277
- Child performance and child employment LA lead is Danielle Rutherford:
Danielle.rutherford@southampton.gov.uk

Appendix 1: Transporting of Pupils by Parents

Draft letter:

Dear Parent / Volunteer

On occasions parents and volunteers are kind enough to help with the task of transporting children to visits and off-site activities arranged by the school. (This is in addition to any informal arrangements made directly between parents for after school clubs etc.) The school is very grateful for this help. In managing these arrangements, the school would like to put in place sensible measures to ensure the safety and welfare of young people carried in parents and volunteers' cars. This is based on guidance from the local authority and follows similar procedures for school staff using their cars on school business.

Where parents/volunteers cars are used on school activities the Head should notify parents/volunteers of their responsibilities for the safety of pupils, to maintain suitable insurance cover and to ensure their vehicle is roadworthy.

The Head or Party Leader will need to consider the suitability of parents or volunteers to carry young people in their car and whether vetting is necessary. It is advisable that parents or volunteers are not put in a position where they are alone with a young person.

All parents are therefore asked to complete and return the attached form to the school before they offer to use their car to help with transporting pupils.

This form will only need to be completed once for each driver. However, **you are requested to inform the school if your circumstances change and you can no longer comply with these arrangements. This includes ensuring that you inform the school if you are experiencing any of the main COVID symptoms for which you would be required to book a test, and not carry out any volunteering duties until negative test results or any isolation period is completed as per guidance from Public Health England or a health professional.**

Many thanks, once again, to all parents and volunteers who have been able to help with the provision of transport. Naturally our primary concern is the safety and welfare of pupils. However, we also want to maintain a wide range of opportunities for young people to participate in off-site activities and visits.

Signed

Head Teacher

DECLARATION FORM TRANSPORTING PUPILS VOLUNTEERS

Safeguarding statement

At this school, we strongly recognise the need for vigilant awareness of safeguarding issues. It is important that all staff have appropriate training and induction so that they understand their roles and responsibilities and are confident about carrying them out. Staff, pupils, parents and governors should feel secure that they could raise any issues or concerns about the safety or welfare of children and know that they will be listened to and taken seriously. This will be achieved by maintaining an ethos of safeguarding and promoting the welfare of children and young people and protecting staff. This is supported by clear behaviour, anti-bullying and child protection policies, appropriate induction and training, briefing and discussion of relevant issues and relevant learning in line with current legislation and guidelines.

The school may require parents or volunteers to be checked through arrangements with the Disclosure and Barring Service, for example if they are volunteering and in regulated activity - ie who have regular unsupervised access to young people. A risk assessment will be carried out for all volunteers working with children arranged by the school and held in the personnel files, and reviewed where there is significant time between acts of volunteering.

All parents/ carers who undertake volunteering for transport or other activities arranged by the school are also asked to ensure they follow any relevant CURRENT Public Health information, for example regarding COVID-symptoms.

All drivers must:

- Hold a valid driving licence for the type of vehicle being driven
- Be fit to drive
- Have no medical condition which affects their ability to drive
- Have a valid MOT for any vehicle older than 3 years old
- Ensure that any vehicle is roadworthy, including brakes, lights, tyres, bodywork, wipers, mirrors etc.
- Ensure that any vehicle used has current road tax
- Ensure that they adhere to the appropriate speed limit
- Ensure that all seat belts are working and worn by everybody in the vehicle
- Ensure that they are NOT presenting COVID symptoms or haven't been given specific advice to follow regarding any health/ potential health condition/ should not be self-isolating or shielding or are awaiting the outcome of a covid-19 test.

Insurance:

- Maintain valid insurance, as a minimum, for third party liability
- Check with their insurance company and inform them that the driver occasionally conveys children on school activities. (This is unlikely to affect the cost of your insurance premium.)

Safety:

- Be familiar with, and drive in accordance with, the Highway Code at all times
- Drive safely and observe the speed limit
- Before driving not to consume alcohol or drugs which may impair driving
- Ensure that all passengers wear seat belts as appropriate
- Use child proof locks on rear doors where necessary
- Child seats such as booster seats are to be used at all times according to the height and age of each child in the vehicle

I have read and understood the above requirements and agree to comply with them.

I agree to inform the school if circumstances change and I can no longer comply with these arrangements.

Signature:

Name (Please print)

Number of seats in vehicle:

Appendix 2 – Safeguarding Concerns Flowchart

What do to if you have safeguarding concerns?

One of our main priorities at Southampton City Council is that children and young people in Southampton get a good start in life and can go on to fulfil their potential.

If you are concerned about a child or young person, it is important to take action. There are several options available so we have provided more information below to help you decide what to do next. This information is relevant for both professionals and members of the public.

A member of staff has concerns about a child.

The staff member should read and follow the Child Protection Policy, and speak to the Designated Safeguarding Lead or Deputy immediately.

If the DSL is not available...

Staff members must **not delay action**. They must immediately speak to a member of SLT if available and/or contact Children's Services within the Local Authority 02380 833336, Professionals line 02380 832300 or if at risk of immediate harm a call could be made to the police depending on circumstance.

If the DSL is available...

The DSL must take immediate action as appropriate.

Child protection & safeguarding for children in need

When it's not an emergency situation but you are worried that a child may be at risk of abuse, harm or neglect, please contact us. You can find out more about these risks and how to report a concern here: <https://www.southampton.gov.uk/health-social-care/children/child-social-care/child-protection.aspx>

Or you can contact us straight away on 023 8083 3336

Early help and support for families

You might feel that a child is not at risk of harm at the moment, but their family needs more support to stop anything from getting worse in future. Our Early Help Hub can help with this.

Further information can be found here: <https://www.southampton.gov.uk/health-social-care/children/child-social-care/early-help.aspx>

Or if you would like to talk to them immediately, you can call 023 8083 3311

Further resources and universal services

If you're a family member or professional who wants to find out what support is available apart from Early Help, you can view more resources here: <https://www.southampton.gov.uk/health-social-care/children/child-social-care/further-information-resources.aspx>

Appendix 3 - PREVENT

The school should use the specific referral form for Prevent set out below - complete and send securely to MASH via: secure email.

For referrals that relate to children – children’s services should be contacted.

For referrals that relate to adults – adult’s services should be contacted.

Any queries before referral contact should be made with the appropriate service team, advice can be sought by contacting the team prior to referral.

Prevent referral form to be used from December 2019 until new referral process is communicated at a time TBC 2020-2021.

Professionals should complete this form when considering it is a prevent referral and send attached to a **secure email to MASH**. MASH can be contacted for advice.

REFERRAL PROCESS	
<p>By sending this form you consent for it to arrive with both your dedicated Local Authority safeguarding team & Prevent policing team for a joint assessment. Wherever possible we aim to give you feedback on your referral, please be aware, however, that this is not always possible due to data-protection & other case sensitivities.</p> <p>Once you have completed this form, please email it to: *USE YOUR AGREED PREVENT REFERRAL PATHWAY*</p> <p>If you have any questions whilst filling in the form, please call: 01865 555618</p>	
INDIVIDUAL’S BIOGRAPHICAL & CONTACT DETAILS	
Forename(s):	First Name(s)
Surname:	Last Name
Date of Birth (DD/MM/YYYY):	D.O.B.
Approx. Age (if DoB unknown):	Please Enter
Gender:	Please Describe
Known Address(es):	
Nationality / Citizenship:	Stated nationality / citizenship documentation (if any)
Immigration / Asylum Status:	
Primary Language:	Does the Individual speak / understand English? What is the Individual’s first language?
Contact Number(s):	Telephone Number(s)
Email Address(es):	Email Address(es)
Any Other Family Details:	Family makeup? Who lives with the Individual? Anything relevant.

DESCRIBE CONCERNS	In as much detail as possible, please describe the specific concern(s) relevant to Prevent.

FOR EXAMPLE:

- How / why did the Individual come to your organisation's notice in this instance?
- Does it involve a specific event? What happened? Is it a combination of factors? Describe them.
- Has the Individual discussed personal travel plans to a warzone or countries with similar concerns? Where? When? How?
- Does the Individual have contact with groups or individuals that cause you concern? Who? Why are they concerning? How frequent is this contact?
- Is there something about the Individual's mobile phone, internet or social media use that is worrying to you? What exactly? How do you have access to this information?
- Has the Individual expressed a desire to cause physical harm, or threatened anyone with violence? Who? When? Can you remember what was said / expressed exactly?
- Has the Individual shown a concerning interest in hate crimes, or extremists, or terrorism? Consider *any* extremist ideology, group or cause, as well as support for "school-shooters" or public-massacres, or murders of public figures.
- Please describe any other concerns you may have that are not mentioned here.

COMPLEX NEEDS

Is there anything in the Individual's life that you think might be affecting their wellbeing or that might be making them vulnerable in any sense?

Please Describe

FOR EXAMPLE:

- Victim of crime, abuse or bullying.
- Work, financial or housing problems.
- Citizenship, asylum or immigration issues.
- Personal problems, emotional difficulties, relationship problems, family issues, ongoing court proceedings.
- On probation; any erratic, violent, self-destructive or risky behaviours, or alcohol / drug misuse or dependency.
- Expressed feelings of injustice or grievance involving any racial, religious or political issue, or even conspiracy theories.
- Educational issues, developmental or behavioural difficulties, mental ill health (see **Safeguarding Considerations** below).
- Please describe any other need or potential vulnerability you think may be present but which is not mentioned here.

OTHER INFORMATION

Please provide any further information you think may be relevant, e.g. social media details, military service number, other agencies or professionals working with the Individual, etc..

--	--

Appendix 4

Southampton City Council Practitioner Guidance Document– Educational Neglect (September 2019)

There is no statutory definition of educational neglect. A task and finish group has been established as a result of recommendations from a Serious Case Review (unpublished at time of document issue) and includes School Improvement Team, Education Welfare Service, Head of the Virtual School, Educational Psychology Service, Admissions Team, Manager for Inclusion, Legal Services, Early Years Advisory Teachers. The Local Safeguarding Children’s Board has had overview of the work.

Neglect is defined as, **“The persistent failure to meet a child’s basic physical, emotional, and/or psychological needs, likely to result in the serious impairment of the child’s health or development”** Working Together to Safeguard Children (July 2018).

The definition agreed for Southampton and included in the Safeguarding Partnership Neglect Strategy is:

“Neglect is the most common form of child abuse. In Southampton we recognise neglect as the ongoing failure to meet a child’s basic needs in order for them to thrive. Neglect means that a child may be left hungry or dirty without adequate clothing, shelter, supervision or medical care. A child may be put in danger or not protected from harm. Neglect also includes psychological and emotional harm; a child needs care and attention and opportunities to relax, play and learn”. <http://southamptonlscb.co.uk/wp-content/uploads/2019/05/Neglect-Strategy-2019-1.pdf>

Within this definition the Local Authority recognises that educational neglect exists and can be a factor within physical, emotional, sexual or criminal harm. It is a likely outcome of a range of contributing factors that could be attributable to parent(s)/carer(s), professionals or organisations. It could also be the continued persistent failure of a parent or young person, deemed old enough to determine their own actions, to manage their own travel to and from school and to attend school regularly.

In Southampton we recognise that educational neglect can be any one or more of the following:

Parental:

- Failure to identify provision for their child or adequately maintain schooling/education provision
- Failure to engage in most school/ Local Authority/ trust meetings - even where support is offered - that leads to a disengagement of a child in their schooling with a detrimental impact on their development
- Failure to engage as required with agencies beyond school, for example health services that leads to a delay/ deterioration in their child’s development, taking into account of a child’s needs
- Parental failure to provide substantiated reasons for absences from school
- At least one court intervention which fails to improve attendance
- Ineffective take up of support that may have been likely through identified need to improve the educational development of their child

Young person(s):

Consideration of educational neglect could be applied when a young person is old enough to determine their own actions and independently travel to and from school safely where:

- Full parental co-operation is clearly demonstrated and educational provision offered is appropriate for the young person's needs:
- Pupil engagement and attendance levels are identified as seriously impeding their development
- Action may have been taken previously against the parent for failing to secure regular attendance of the young person and the young person will have awareness of the impact of their disengagement

Professional(s):

- Where one or more professionals or organisation(s) have failed to report concerns that require additional intervention to avoid serious impairment of a child's development
- Where educational provision that is alternative to full-time education is not provided/is not in line with needs and is not monitored effectively or changed/adapted to reduce the serious impairment of a child's educational development, taking into account an individual child's needs and wishes
- Where transfer of records or known information that supports a child's developmental needs, including their social, emotional, mental health and well-being and learning needs are not shared with other professionals or transferred to new settings in a timely manner
- Where a child is 'off-rolled' from a school that does not follow correct process, or is off-rolled not in the best interests of the child but is in the interest of the school. Ofsted currently define 'off-rolling' as; *"The practice of removing a pupil from the school roll without a formal, permanent exclusion or by encouraging a parent to remove their child from the school roll, when the removal is primarily in the interests of the school rather than in the best interests of the pupil"*. It must be noted that there are circumstances where off-rolling is not unlawful – where it is in the best interests of the child and has followed due process.
- Where an agency has failed to take timely action to minimise the impact of known and recognised poor parental management of educational attendance or provision
- Where an agency has not put into place in a timely manner, or sufficiently taken into account advice from health professionals, to establish an Individual Health Care Plan to support individual health needs.

In Southampton

Abuse/neglect is a broad category for Child in Need cases therefore the majority of children will have this as an identified feature on their assessments.

40% of children on a Child Protection Plan have neglect as a key feature identified (May 2019).

Additionally, many of these pupils have been or are persistent absentees, and known to have a reduced/or had experienced a reduced timetable.

Advice for practitioners

The term “educational neglect” can be used to challenge colleagues and parents to consider if their actions could be viewed as neglectful i.e. likely to seriously impair the educational development of the child.

It may be helpful to use the neglect strategy and practitioners guide <http://southamptonlscb.co.uk/neglect/> when considering educational neglect.

1. Key questions: are the child’s educational development needs being met or are there aspects of the provision that are impacting negatively on the educational development of the child?
The child’s education is paramount and therefore needs should be considered equally alongside health and well-being or other factors, when determining what support a family requires and not after all other family needs are addressed.
2. Set appropriate, achievable steps within a clear timeframe in addressing the health, well-being and educational needs being discussed. Parents usually want the best for their child and so ensure they are supported to achieve this at the earliest possible opportunity with engagement through individual organisation teams and Early Help support. Where parents are not supporting the educational development of their child this should be clearly recorded and the necessary steps taken to minimise the impact of this.
3. Observe, engage and support the child – a range of professionals’ perspectives may be required. Ensure the child’s voice is heard and give time for this to happen in a meaningful way.
4. It is expected and reasonable to challenge behaviour with regard to a child’s educational needs that appears may be neglectful. Be sensitive in any challenge of parents or professionals and record reasons for challenge and any outcome. Escalate where a child’s basic needs are often not met, challenge parents where children present in a manner that is different to that which is expected for every child, on all occasions. Different parenting styles can affect what expectations are manageable and understood, these can also be cultural differences therefore be sensitive and knowledgeable, but do not fail to challenge. It is possible that there may be other aspects of neglect that may cross over with educational neglect therefore clear recording is essential.
5. Review a child in the context of their family and previous events or patterns. Record your thoughts and reasons for decisions, be professionally curious when safeguarding children and always consider their educational development in addition to other needs.
6. Discuss cases with another appropriate person, consider if others may hold different/ similar or the same concerns, build a picture of different professionals’ views. Be proactive and call a professionals’ meeting if you, as the professional, consider that the picture/understanding of the concerns is likely to be clearer as a result. Ensure there is a planned and cohesive approach to tackling neglectful adult behaviour and escalate to the appropriate managers/ supervisors to make them aware.
7. Consider if other aspects are present, such as but not limited to: exclusions (lawful or unlawful); Children Missing Education – what has been discovered or looked in to and what actions have been taken; whether there is a full-time offer of education; whether there is a reduced timetable that is reviewed regularly and amended to support education need; whether there is a provision relative to needs that may be short or long term for medical needs; whether parents are fully aware of their responsibilities if removing a child to be Electively Home Educated – how do they know?

8. Always ensure that on any change of schools – at normal transition points or in-year - that the records to facilitate the educational development of a child/young person are shared to ensure that the child will be supported appropriately from arrival. This should include any information that supports their attendance such as start of day arrangements that support arrival/settling in to school.
9. Ensure that where any change or reduction in an offer of full-time education is made that parents understand and are in agreement with this in the interests of their child. Check that Southampton City Council guidance for reduced timetables or flexi-school arrangements are followed and review is planned and regular.

Educational neglect may be more likely if any of the following factors are present:

Child Risk factors	Parental risk factors	Wider agency & professionals risk factors
<ul style="list-style-type: none"> • Adverse childhood experiences (neglect/abuse) • Disability • Substance misuse • Learning difficulties • Family unit breakdown • Bereavement • Views not taken into account in decision making about education • Chronic ill-health • Poor mental health • Child subjected to exploitation (sexual or criminal) • Living in poverty • Going missing • Reduced or inappropriate educational or timetable provision • Child performing role of carer 	<ul style="list-style-type: none"> • Previous action regarding poor attendance at school • Poor parental mental and emotional well-being • Substance misuse • Domestic Abuse/violence • Learning difficulties • Lack of positive parenting in childhood • Adverse childhood experiences • Being obese or underweight • Poor parental engagement in education • Unable to provide/uninterested in development of child of any age • Disguised compliance/ non-compliance with agencies • Exploitation or criminality • Bereavement • Family breakdown • Ill health • Not following health advice that enables engagement in education 	<ul style="list-style-type: none"> • Poverty • Unemployment • Lack of positive personal networks • Lack of sharing of information between agencies regarding concerns • Ineffective monitoring and review of reduced timetables or alternative provision • Lack of triangulation or challenge regarding information provided by parent where it raises query/ may not be substantiated • Lack of substantiated / reasonable information for absence • Inconsistent or unsustainable responses to agency support • Lack of health information to support a suitable Individual health care plan that supports engagement in education
<p>Protective factors:</p> <ul style="list-style-type: none"> • Parental interest and action to support the educational development of their child • Full educational provision that meets needs or amendments that are effectively reviewed regularly • Positive and effective engagement with agencies to support the child, parent/ family (health, social care, early help, education) • Sustained improvements in attendance managed independently by pupil or parent • Effective agency communication and sharing of information to safeguard a child including for their attendance at school or educational provision

Appendix 6 Procedures

Governing body responsibilities

The governing body will ensure;

- that national and local guidance is followed, specifically Keeping Children Safe in Education
- there is a member of the schools leadership identified as Designated Safeguarding Lead
- that training is undertaken at the required frequency
- there is a nominated governor for dealing with allegations against the head teacher
- an annual audit of safeguarding is carried out and any concerns are remedied without delay
- the school has effective safeguarding policies and procedures in place:
- that the school has a broad and balanced curriculum that incorporates safeguarding
- Ensure that safer recruitment guidelines are followed (Keeping Children safe in Education, September 2016)

Whole Staff Responsibilities

This school recognises that because of their day to day contact with children, school staff are well placed to observe the outward signs of abuse. Staff will therefore: -

- Will read at least Part 1 of the guidelines of *Keeping Children safe in Education, September 2016* and ensure that they are familiar with them and know where to access them in the future.
- Will understand their duties with regard to this policy
- Read and understand the child protection procedures for St Denys Primary School as written in Annexe 1.
- Establish and maintain an environment where children feel secure, are encouraged to talk and are heard.
- Ensure children know that there are adults in the school whom they can approach if they are worried about any problems.
- Include opportunities in the Personal Health and Sex Education curriculum for children to develop the skills they need to recognise and stay safe from abuse.
- Follow the procedures set out by the LSCB and SCC and take account of guidance issued by the Department of Education.
- Ensure disclosures are shared with the appropriate personnel and no others.
- Ensure that parents have an understanding of the responsibility placed on the school and its staff for child protection by setting out its obligations in the school prospectus and that parents are offered a copy of the policy on request.
- Notify parents of our concerns, and provide them with opportunities to change the situation, where this does not place the child at greater risk.
- Notify the allocated social worker if there is an unexplained absence of more than two days of a pupil with a child protection plan
- Develop effective links with Children's Social Care and co-operate as required with their enquiries regarding child protection matters including attendance at Child Protection Case Conferences.

- Liaise with other agencies that support pupils such as Child and Adolescent Mental Health Service, Locality Team and the Educational Psychology Service through normal referral routes. Ensure that there is a senior designated person/Designated safeguarding lead.

Designated safe guarding leads and their deputies

Will:

- Ensure that the Governing Body understand their responsibilities under section 175 of the Education Act 2002.
- Ensure they have received appropriate training and attend training every 2 years.
- Ensure that child protection procedures are followed within the school and to make appropriate and timely referrals according to LSCB guidelines
- Ensure every member of staff, governors and volunteers knows the name of the Designated safeguarding leads, their role and their contact details
- Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and responsibility for referring any concerns to the Designated safeguarding lead.
- Ensure that whole school training occurs every three years so that every member of staff, governors and volunteers can fulfil their child protection responsibilities effectively and to comply with the requirements set out in 'Safeguarding Children and Safer Recruitment in Education' guidance (DCSF, 2007).
- Keep written records of child protection concerns that are kept securely and separately from the main pupil file and use these records to assess the likelihood of risk. In Moorlands Primary School this would be through the use of CPOMs.
- Ensure that copies of child protection records and/or records of concern are transferred accordingly (separate from pupil files) when a child leaves the school.
- Ensure that where a pupil on a child protection plan or is a child looked after, leaves the school, their information is transferred to the new school immediately and that the child's social worker is informed.

Responsibilities of adults within the school community:

- All adults are required to be aware of and alert to the signs of abuse.
- If an adult identifies that a child may be in an abusive situation they should record their concerns and report them to the DSL as soon as practical.
- If a child discloses allegations of abuse to an adult, they will follow the procedures attached to this policy.
- If the disclosure is an allegation against a member of staff, they will follow the allegations procedures attached to this policy.

PLAB Appendix 1 – brief definitions: types of bullying/incidents

Disability/special educational needs/medical condition/mental health

Real or perceived disability, special need, gifted or talented or health conditions or association with someone in those categories (related derogatory language for example: retard/spaz/geek/nerd) or association with someone with a disability/special need.

Ethnicity/race (racism)

Ethnic origin, skin colour, national origin, culture, language, real or perceived or because of their association with someone of a particular ethnicity, culture etc.

Gender identity (transphobia)

Transgender, perceived to be transgender, someone whose gender or gender identity is seen as being different to typical gender norms, or some- one who has a transgender family member. Language/stereotyped perceptions of gender (sissy, butch, she/he, gender bender, tranny).

Religion/belief

Beliefs, faith, identity (Islamophobia and anti-Semitism, for example). It may also be because of a perception or assumption about religion, belief or lack of belief (which may or may not be accurate), or because of their association with an individual or group of a particular religion or belief.

Sex; sexist bullying (misogyny/misandry)

Based on sexist language, attitudes and behaviours that when expressed demean, intimidate or harm another person because of their sex or gender.

Sexual orientation

Related to sexual orientation, or perceived orientation, of target or target's family/friends and/or homophobic/biphobic abuse and language used. Bisexual people may experience homophobic bullying, but they are also likely to experience biphobia, that is, prejudice which is specifically related to their bisexual identity. Biphobia often takes the form of stereotypes: for example, that bisexual people are 'greedy', 'promiscuous' or 'confused'.

Appearance

Hair colour, body shape, clothing etc.

Home circumstances

Class background, low income, free school meals, young carer, looked after children.

PLAB Appendix 2 – extended definitions of types of bullying

Homophobic bullying

Homophobic bullying occurs when bullying is motivated by a prejudice against lesbian, gay or bisexual people. This can affect:

- young people who are lesbian, gay or bisexual (LGB)
- young people who are thought to be lesbian, gay or bisexual
- young people who are different in some way – they may not act like the other boys or girls
- young people who have gay, lesbian or bisexual friends, or family, or parents/carers who are gay, lesbian or bisexual
- teachers, who may or may not be lesbian, gay or bisexual.

Bi-phobic bullying

Bisexual people may experience homophobic bullying but they are also likely to experience biphobia, that is, prejudice which is specifically related to their bisexual identity. Biphobia often takes the form of stereotypes: for example, that bisexual people are 'greedy', 'promiscuous' or 'confused'. Bisexual people can experience bi-phobic prejudice from both heterosexual people and lesbian and gay people.

Bullying that targets disabled children and children with Special Educational Needs (SEN)

Behaviour by an individual or group that intentionally hurts disabled children, or those with special needs, either physically or emotionally or those who are perceived to have special needs or a disability, or because of their association with someone with a special need or disability. Bullying can involve verbal taunts, name calling, physical injury, and damage to property, rumour spreading, shunning or ridicule. It can be manipulative, making the disabled pupil do something they should not, or deliberately engineering their discomfort or isolation. It can be done through social media (cyberbullying). Some children with SEN and disabilities may not recognise that they are being bullied or that their own behaviour may be seen by someone else as bullying.

Racist bullying

This is behaviour by an individual or group that intentionally hurts another individual or group, either physically or emotionally, and makes a person feel unwelcome, marginalised, excluded, powerless or worthless because of their colour, ethnicity, culture, community, national origin or national status. It may also be because of a perception or assumption about ethnicity or culture (which may or may not be accurate), or because of their association with someone of a particular ethnicity, culture etc. (for example a parent/carer).

Bullying based on religion or belief

This is behaviour, by an individual or group, that intentionally hurts another individual or group either physically or emotionally and makes a person feel unwelcome, marginalised, excluded, powerless or worthless because of their religion, belief or lack of religion or belief. It may also be because of a perception or assumption about religion or belief (which may or may not be accurate), or because of their association with someone of a particular religion or belief (for example a parent/carer).

Transphobic Bullying

'Trans' is an umbrella term that describes people whose sense of their gender or gender identity is seen as being different to typical gender norms. Where children and young people are perceived not to be conforming to the dominant gender roles that may be widely expected of them, schools should be alert for signs of bullying. Transphobic bullying is commonly underpinned by sexist attitudes and can affect any child or young person.

PLAB Appendix 3 – behaviour involved in the bullying/incident

Cyberbullying: Internet, mobile phones, social media, trolling, sexting, coercion, blackmail, grooming, promoting any hate-based views.

Damage to property: damage, interference, withholding, demanding or stealing of personal possessions, money and loaned or allocated equipment/resources, graffiti.

Indirect/social: intentionally socially excluding or isolating an individual or group from activities/community both on and offline eg gossiping, spreading rumours, intimidating looks, gestures and behaviours.

Physical abuse: any form of violence or physical force eg pushing, kicking, hitting, pinching, tripping, spitting etc.

Possession/distribution of offensive materials: disseminating inappropriate materials.

Sexual abuse/harassment: suggestive sexual comments, innuendo or behaviour including offensive comments about sexual reputation; or using sexual language that is designed to embarrass, humiliate, intimidate or subordinate.

Verbal abuse: using language in a derogatory or offensive manner, such as banter, name-calling, sarcasm, personal threats, nasty comments or 'jokes' or persistent teasing and taunting.

PLAB Appendix 4 – ethnicity descriptions and codes

Ethnicity description	Ethnic Code
White - British	WBRI
White - Irish	WIRI
Gypsy / Roma	WROM
Traveller of Irish Heritage	WIRT
Any Other White Background	WOTH
White and Black Caribbean	MWBC
White and Black African	MWBA
White and Asian	MWAS
Any Other Mixed Background	MOTH
Indian	AIND
Pakistani	APKN
Bangladeshi	ABAN
Any Other Asian Background	AOTH
Black - Caribbean	BCRB
Black - African	BAFR
Any Other Black Background	BOTH
Chinese	CHNE
Any Other Ethnic Group	OOTH
