

Kite Man

To help us settle in to Year 4, reconnect with our peers and develop our growth mindset, Dave the kite man paid us a visit. With a lot of concentration and with the support of our talk partners we became expert kite builders!

We put on some ribbon to make it look nice.

It was hard to hold the sticks but your partner would help hold it still so you could put tape on. That bit was fun but hard.

Egyptian Day

What a fabulous day! The children came to school dressed as Egyptians. After parading our costumes in an Egyptian catwalk we broke into the Moorlands' Tomb and discovered the treasures that lay within!!!!

On Egyptian day we dressed up as people from Ancient Egypt.

Mummifying oranges

The best way to learn how to mummify is to have a go! We scooped out the insides of an orange through a small hole in the top. We then filled it with natron and nice smelling spices. Finally, we wrapped the orange in bandages and left it to mummify.

I loved doing this job because it was really messy and fun!

This job showed us how to mummify and what it was like for Egyptians.

Tudor Day

Another fabulous day. The children came in dressed as Tudors (rich and poor). We made pottage and bread rolls for the banquet in the afternoon where we showed off our amazing Tudor dances that we had been practicing.

We had a banquet like the Tudors would have had.

The pottage was delicious and I would have it again any day.

World Book Day

So much fun. A whole day to focus on books and reading for pleasure.

It was so fun dressing up for World Book Day and choosing my outfit. I dress up as Hermione Granger!

I loved seeing what all my friends dressed up as. There were so many different varieties!!!
