

# Invertebrates Visit

Year Two and Three were very lucky to have some visitors from the Reptile Centre come in on Monday. We were very excited when we sat down in front of a selection of invertebrates in various habitats.

We had a close look at a Dead Leaf Praying Mantis which can make itself look just like a pile of leaves and a Vinegaroon which shoots vinegar at its predators.

We looked (from a distance!) at a Scorpion and a Tarantula.

Mrs Whittingstall-Bean was very brave.
