

Summer Proms Concert 2016

This year many children from our Choir performed at the Central Hall, as part of the Summer Proms Concert. Our choir performed three songs on stage in front of other schools and of course a big audience filled with parents.

In order to be part of the Proms, our choir had to audition in front of a panel and the children felt so proud when they heard they had got through! The children practised very hard before the actual concert itself and sounded amazing.

I liked performing in front of lots of people and it was my first time performing to that many people.

Maggie

Well, I absolutely loved performing on stage and I was very excited to be singing. Amelia

The children were feeling very excited and proud.

I enjoyed watching other children perform and getting ideas of different songs to sing. Jasmine

The children watched other schools perform different songs and percussion pieces. This gave us ideas for new songs we could sing in September.

We also watched Alex Pope with his drummers from Another Dimension, which was really exciting.

After seeing the children drumming, I want to join the club in September. They were brilliant.

It was really fun. The stage was high up and you could see everyone watching. It's nerve wracking but once you are on stage your nerves go. Niall.

I liked that you could get your chance to shine and perform in front of lots of people. Poppy

I liked performing in front of lots of people. It was really fund. I got to go on a big stage and I felt proud of myself. Janelle.

At the end of the concert children waved their flags as they sang the National Anthem and Land of Hope and Glory. Big applause was given by all the parents in the audience.
