

Spring 1 in Dragonflies and Bumblebees

We hope that you and your child have had a Christmas break with the opportunity to have some fun as well as have a well-earned rest! The children worked so hard in Autumn term and we were very pleased with how well they settled and engaged with all areas of the curriculum.

At Moorlands we strongly believe in the partnership between school and parents in each child's learning. Each half term we will send home a curriculum newsletter outlining the work your children will be covering. We hope this will help you to support your child at home.

English

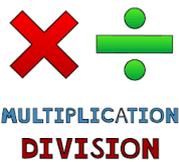

This half term, we will be performing poetry; focussing on using alliteration for description. Following that, we will be looking at the story *Escape from Pompeii* by Christina Balit. We will be writing our own adventure stories about a volcano erupting!

The children will be practicing their handwriting every day this half term and will be bringing handwriting home each week.

Maths

This half term we will be refreshing and deepening the children's understanding of multiplication and division. We will be doing this through a range of contextual stories, word problems, games and challenges; finishing by looking at formal methods of multiplication and division.

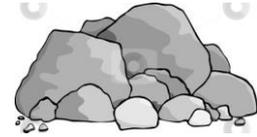

Mental maths will now form part of our daily Maths lessons, in which we will be practicing the skills relevant to our current topic (e.g. times tables, skip counting, counting backwards).

Topic and Science

During this half term the children will be learning all about Volcanoes and the Roman invasion of Britain. We will learn about roman settlements, how they influenced our lives today and the geographical knowledge surrounding volcanoes around the world.

In Science the children will begin to understand all about rocks. We will look at the different types of rocks, how they are formed and what they are used for.

PSHE

In this half term's PSHE theme the children will be learning about 'Dreams and Goals'. As part of this theme the children will hear, learn and use different vocabulary including –

Challenge, perseverance, success, obstacles, dreams, goals, ambitions, future, frustrations, co-operation, strengths, responsible, review, evaluate, aspirations.

The children will be discussing the possibilities for their future and beginning to think about what they need to do to achieve that future. We will talk about challenges and obstacles and how we overcome them; as well as a project to help us develop our teamwork skills.

Key Messages

- Please ensure your child hands in their reading diary and homework on a **Thursday morning**. This is so we can prepare their homework ready for Friday.
- PE kit is needed on a Wednesday and Thursday – please make sure your child has suitable kit for the weather (long trousers, jumpers, spare socks).
- Don't forget to use Bug Club and Times Table Rockstars to practice key skills we have learnt at school.

Thank you for all your support, we are really looking forward to another wonderful half term in Year 3.

Miss Stevens and Mrs Jenks 😊
