

I liked pretending to put out the fire on the wooden house with the hose!

Fire Station Trip!

It was good when I got to spray the water and put the fire out!

As part of our Superhero topic, Robins and Bluebirds learned about real life superheroes that live all around us in our community, people who help us. We were very excited to be able to visit the fire station to learn more about what they do and how they help people. We learned about how quickly they have to get dressed, had a tour of the fire station and learned that sometimes they work overnight and have to sleep there. We even got to use the Thermal Camera!

I learned to Stop, Drop and Roll if my clothes caught fire. I liked when the Firemen showed us and then let us all have a turn to roll all over the floor!

Woody's Party

It was really fun finding where Woody had gone too. I liked the photos of him and guessing where he was.

Woody's Party

As part of our Toy Story topic we had to find where Woody had disappeared to! We found Buzz Lightyear easily because he was not camouflaged. We found out about animals that are able to hide in their surroundings and how that helps them. When we finally found Woody he was sitting on a table full of party food! We had a fantastic time dressed as cowboys and cowgirls, eating party food, and dancing!

The party was fun and we got to have cake. We dressed up as cowboys and got to do some dancing.

It was amazing because we got to find Woody and discovered all of the party food.

LONGDOWN ACTIVITY FARM

During our animal kingdom topic we had a trip to Longdown Activity Farm.

We learned lots about the animals and what a farmer had to do to look after them.

We got to see all the animals, hold chicks and feed lot of the animals, such as the kids (baby goats), calves, and adult goats.

My favourite bit was feeding the baby goats their bottles, When we fed the big goats they kept trying to drag the plate out of my hand!

I liked playing in the barn and feeding baby animals.

It was fun stroking a chicken and looking for the eggs. I felt a chick and it was very soft.
