

Moorlands Primary School PE and Sport Premium Report

2019-20

What is the PE and Sport Premium Funding?

The PE and sport premium is a grant from the government designed to help primary schools improve the quality of the PE and sport activities they offer their pupils. Schools are accountable for the money they receive and need to demonstrate how they are spending the money and the difference it is making to the children in the school. The DfE sets out the following guidelines for expenditure

- To develop or add to the PE and Sports activities that the school already offers
- To make improvements now that will benefit pupils joining the school in future years

Schools should use the PE and Sport Premium to secure improvements in the following 5 key indicators:

1. Engagement of all pupils in regular physical activity
2. Profile of PE and sport is raised across the school as a tool for whole-school improvement
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport
4. Broader experience of a range of sports and activities offered to all pupils
5. Increased participation in competitive sport

School Expenditure Overview

Total number of pupils on roll	397
Total number of eligible pupils (Years 1 - 6)	346
Total amount of Sport Funding Grant received	£19, 460

How will Moorlands use the grant?

The PE and Sport Premium Funding will be used to partly fund:

- the employment of a part-time Sports Coach to support the delivery of the PE curriculum across the school and develop assessment and reporting of PE. His role involves raising the profile of PE and sports, teaching PE across the school, providing professional development and coaching to staff and leading after school sports clubs
- increasing the number and range of extra-curricular activities that we offer either free of charge or at a reduced rate
- sports activities that raise competitiveness with a specific focus for the children on improving their personal best
- increasing our PE resources and facilities to widen the range of opportunities we offer including lunchtime equipment
- staff to lead Sports Day developments in order to increase enjoyment, team work and competition between house teams across the school.

These actions support sustained improvements in school as:

- staff will be more competent in delivering the PE curriculum and delivering extra-curricular sports opportunities
- links will be established with a range of outside providers to offer a range of clubs

Breakdown of expenditure

Sports Coach	£16271.53
Equipment and Facilities to encourage an active playtime	£2,872.60
Administration costs for provision of after school sports clubs	£315.87

What difference is it making? (2018-20)

All children have at least two hours of high quality PE learning every week. We have a rich range of opportunities, including after school clubs.

There has been improvement in the teaching and children's progression of skills, particularly in Games and Gymnastics.

There is an emphasis on children focusing on continually improving their personal best (PB). This continues to develop a competitive element within PE and children enjoy the challenge of competing against themselves and when appropriate against others.

Moorlands' Sports Day in 2019 was very successful. Children, staff and parents commented on the developments positively and there was a healthy competition between house teams.

Football achievements:

- Our boys football team won the Fair Play trophy award in 2019 to recognise their exemplary behaviour promoting the spirit of fair play and compassion in football
- They also reached the local 'Champions' League' in 2018-19 and were recognised as being one of the best teams in the area
- Two of the boys in the football team also played semi-professionally for Eastleigh Academy

Playtimes and lunchtime play have become much more active as a result of the playground equipment facilities that have been purchased. This has also significantly reduced behavioural incidents at playtime.

Annual reports to parents demonstrate skills that children have developed and identify that PE is a strength for certain individuals.

Next Steps for 2020-21

- Further develop active lunchtimes by providing a Sports club
- Further develop our participation in local sporting competitions and events
- Develop Dance teaching to ensure there is more effective progression of skills
- Encourage children to take up leadership roles that support sport and physical activity within the school
- Strengthen record keeping for groups of pupils attending clubs

Meeting National Requirements for Swimming and Water Safety

N.B – Only half the Y5 cohort (32) were able to take part due to lockdown

Can swim competently, confidently and proficiently over a distance of at least 25 metres	84% (27)
Can use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]	84% (27)
Can perform safe self-rescue in different water-based situations	84% (27)
Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?	No
